Reasons why the Project is exempt: Class 1 consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use. The Notice of Exemption included subsections (a), (d) and (e), which reference rehabilitation of facilities to meet current public safety standards. This project is consistent with the details provided in the exemption class.

Class 2 consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced, including but not limited to subsections (b).
