

Memorandum

To: State Clearinghouse
From: Imperial Irrigation District
Date: 5.19.2026
Subject: Transmittal of Revised Notice of Completion for the Cook Street Substation Project | SCH No. 2026041220

The Imperial Irrigation District is transmitting the attached revised Notice of Completion and Environmental Document Transmittal for the Cook Street Substation Project, State Clearinghouse No. 2026041220.

This revised Notice of Completion is being submitted to correct and clarify administrative information included in the previously transmitted Notice of Completion. The revisions are intended to ensure that the Notice of Completion accurately reflects the Cook Street Substation Project as described and analyzed in the Initial Study/Mitigated Negative Declaration prepared for the project.

The revised Notice of Completion includes corrections and clarifications related to the project location, acreage, land use and zoning information, project description, development type, environmental issue areas discussed, and public review period. These revisions align the Notice of Completion with the project information presented in the Initial Study/Mitigated Negative Declaration, including the project's location on Assessor Parcel Number 694-050-019 in Thousand Palms, Riverside County, California, and the proposed construction of a new Imperial Irrigation District electrical substation and associated transmission and distribution improvements.

The revised Notice of Completion does not modify the environmental analysis, mitigation measures, conclusions, or lead agency determination presented in the Initial Study/Mitigated Negative Declaration. The revisions are administrative in nature and are provided to ensure the State Clearinghouse record accurately reflects the project reviewed by the Imperial Irrigation District.

Please include the attached revised Notice of Completion in the State Clearinghouse record for SCH No. 2026041220 and treat it as superseding the previously transmitted Notice of Completion for this project.

Thank you for your assistance.
