CRISTY JAYNE EDWARDS
COLUSA COUNTY CLERK-RECORDER

Project Title: Operations Facility

Project Applicant: Reclamation District 108

Project Location - Specific:
Colusa County APN 022-130-058-000

Project Location - City: Grimes Project Location - County: Colusa

Description of Nature, Purpose and Beneficiaries of Project:

A 60'x100' modular metal building installed on previously disturbed, currently bare land within RD 108's existing footprint to serve as a manager/shop area consolidating existing carports and sheds (including RV storage), with the balance dedicated to operations staff needs such as a larger break/training room, kitchen, restrooms, locker room, and offices for supervisors, the superintendent, and assistant superintendent, plus an action/conference room and IT/SCADA room. The project includes a new septic system, power from the existing main panel, and potential consolidation of SCADA equipment on a new tower.

Name of Public Agency Approving Project: Reclamation District 108

Name of Person or Agency Carrying Out Project: Reclamation District 108

Exempt Status: (check one):

- Ministerial (Sec. 21080(b)(1); 15268);
Declared Emergency (Sec. 21080(b)(3); 15269(a));
Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
[X] Categorical Exemption. State type and section number: 15301, 15311, 15061(b)(3)
Statutory Exemptions. State code number:

Reasons why project is exempt:

The Project will be placed on currently bare land within an existing cluster of RD 108 office, storage, and maintenance facilities. Due to the nature of the building, construction solely requires pouring concrete and setting the metal building, then installing a small septic tank and connecting to existing utilities. The Project is exempt because it is only a minor alteration to the existing RD 108 facility under section 15301. The Project is also exempt because it will house employees, vehicles, and equipment that already exist on site and is incident to current uses. The building therefore qualifies as an "accessory structure" under section 15311. Finally, construction does not require any significant grading or the removal of trees, and the site has housed structures in the recent past. The Project can therefore be constructed without impacting the environment. Pursuant to section 15061(b)(3), CEQA only applies to Projects that may impact the environment.
