Statutory Exemptions. State code number:

Reasons why project is exempt:

The project involves approval of design only, and will not result in environmental impacts, and the record supports the conclusion that no physical changes to the environment would occur. The project is located on a site of less than five acres within the incorporated limits of the City, is fully surrounded by urban development, and is consistent with the applicable General Plan and zoning regulations. The project would occur on an infill site served by existing public services and infrastructure and would not result in significant effects related to traffic, noise, air quality, or water quality. The project site does not contain habitat for special-status plant or wildlife species, and the site has been previously disturbed.
