Present Land Use/Zoning/General Plan Designation:

Vacant/CF-Community Facilities/PS Parks and Schools

Project Description: (please use a separate page if necessary)

The project consists of the development of a 42.4-acre park on a vacant parcel of land. The project consists of street related improvements and four-related phases of park improvements. Phase one consists of the design, installation and construction of park related improvements including: road and streets access, pedestrian and park walkways and three (3) parking areas. Park facility related improvements include: four (4) baseball fields and two (2) softball fields, three (3) soccer fields, three (3) universal courts, three (3) handball courts, two (2) picnic and barbeque areas, four (4) basketball courts, batting cages, two (2) playgrounds and related improvements. CDBG CARES funds will be utilized to provide roads access since the approved State Grant funding does not include road access within the scope of covered improvements. Additional CDBG funding may be used for the design of phases two through four of the project. Phases 2-4 described further in document.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
