Residential/Residential Hillside/Design Review Districts (RH/DR)/Low Density Residential

Project Description: *(please use a separate page if necessary)*

General Plan Amendment, Major Subdivision, Grading Permit, and a Protected Tree Removal permit to subdivide 1.8 -net-acre parcels into 5 parcels (Lots 1-5). The proposed subdivision requires an amendment to the General Plan designated density. Therefore, the project proposes to amend the General Plan Designation from Low Density Residential (0.3-2.3 du/net acre) to Medium-Low Density Residential (2.4-6.0 du/net acre). Site improvements, including installation of utilities and creation of a new private road required for the subdivision result in 580 cubic yards of cut and 5 cubic yards of fill, and the removal of two protected trees. The existing single-family development and accessory structures are proposed to be demolished.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
