PROJECT TITLE:

United Airlines Hangar Demolition Project

REGISTRAR - RECORDER/COUNTY CLERK

PROJECT LOCATION (SPECIFIC):

7300 World Way West

CITY:

Los Angeles

COUNTY:

Los Angeles

DESCRIPTION OF NATURE, PURPOSE, AND BENEFICIARIES OF PROJECT:

Los Angeles World Airports (LAWA) proposes to demolish the former United Airlines (UAL) Hangar located at 7300 World Way West, within the West Campus section of Los Angeles International Airport (LAX), including the associated office buildings, and to minimally improve the site, including pavement repair, utility relocations, adjustment of Remain Overnight (RON)/Remain All-Day (RAD) pavement markings, and installation of additional site amenities.

EXEMPT STATUS:

Categorical Exemption

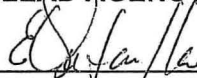

SECTION:

Section 15302 (Class 2 Replacement or Reconstruction)
 Section 15303 (Class 3 New Construction or Conversion of Small Structures)
 Section 15304 (Class 4 Minor Alterations to Land)

JUSTIFICATION FOR PROJECT EXEMPTION:

The Proposed Project qualifies for several categorical exemptions under the CEQA Guidelines. Under Class 2 (§15302), the Proposed Project replaces the existing UAL Hangar and surrounding area with facilities serving the same purpose and capacity as the structure replaced, resulting in only a minor increase in aircraft RON/RAD parking positions. The availability of additional RON/RAD aircraft at this location would not increase airport operations. Class 3 (§15303) applies to the installation of small structures and utility relocations – such as cameras, lighting, chargers, restrooms, and duct banks – which are included in the project. Class 4 (§15304) covers minor alterations to land of which the Proposed Project involves site grading on land with a slope of less than 10 percent and is not located in any of the areas within which grading would not be exempt. Lastly, the Proposed Project does not trigger any exceptions that would disqualify it from these exemptions.
