SUBJECT: Notice of Preparation – Environmental Impact Report for the Tivoli North Specific Plan

Notice is hereby given that the City of Modesto is the lead agency for the preparation of an Environmental Impact Report (EIR) for the Tivoli North Specific Plan (TNSP). The proposed project, the TNSP, is a comprehensive planning document prepared pursuant to California Government Code Section 65450 et seq. The TNSP establishes a regulatory framework governing land use, development standards, design guidelines, infrastructure, circulation, parks and recreation, and community services for the approximately 663-acre Plan Area. The TNSP is intended to guide the orderly, phased conversion of predominantly agricultural land to a mixed-use urban community consistent with the goals and policies of the City of Modesto Urban Area General Plan. At full buildout, the TNSP is projected to support:

- Residential Units: Up to 6,998 units (realistic average of approximately 4,911 to 5,156 units)
- Projected Population: Up to 20,995 residents (realistic average of approximately 15,466 residents [at 3.0 persons per household])
- Non-Residential Development: Up to approximately 1,250,327 square feet of commercial/mixed-use floor area
- Employment: Approximately 2,501 jobs (at 1 job per 500 square feet of non-residential space)

A detailed Project Description can be reviewed at the City or by accessing the City's website at <https://www.modestogov.com/3240/Tivoli-North>.
