Present Land Use/Zoning/General Plan Designation:

Varies - Citywide General Plan Update

Project Description: (please use a separate page if necessary)

The City is proposing a comprehensive update to the 2003 General Plan/Coastal Land Use Plan to maintain compliance with the California Coastal Act and California general planning guidance, reflect current community goals and priorities, integrate sea level rise adaptation planning considerations and current hazard mitigation planning, ensure consistency with the City's certified Housing Element, address new State laws enacted since preparation of the 2003 General Plan/Coastal Land Use Plan, and modernize the document for accessibility and readability. The proposed Project consists of the adoption and implementation of the updated CLUP/GP, which will guide development and activity toward the City's vision of high quality of life, small beach town character, and natural resource preservation through the identification of issue areas, objectives, policies, and implementation measures over the next 20 years or more. The Zoning Code would also be amended to ensure consistency with the CLUP/GP.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
