SUBJECT: FILING OF NOTICE OF EXEMPTION IN COMPLIANCE WITH PUBLIC RESOURCES CODE SECTION 21108 OR 21152

Project Name: Kumeyaay Valley County Park Archery Range Shade Structures
Project Location: 10965 Ashwood St, Lakeside, CA 92040
Project Applicant: County of San Diego Department of Parks and Recreation, 5510 Overland Avenue, Suite 270, San Diego, CA 92123 (858) 565-3600
Project Description: The proposed project would include the addition of shade structures to an existing ADA-accessible archery range within Kumeyaay Valley County Park.

Agency Approving Project: County of San Diego

Date Form Completed: 5/5/2026

County Contact Person: Emily Pacholski

Telephone: (619) 539-4294

This is to advise that the County of San Diego Director of Department of Parks and Recreation has approved the above described project on **5/5/2026** and found the project to be exempt from the CEQA under the following criteria:

Exempt status and applicable section of the CEQA ("C") and/or State CEQA Guidelines ("G"): (check only one)

- Declared Emergency [C 21080(b)(3); G 15269(a)]
- Emergency Project [C 21080(b)(4); G 15269(b)(c)]
- Statutory Exemption. C Section:
- Categorical Exemption. G Section(s): 15301, 15304
- G 15182 – Residential Projects Pursuant to a Specific Plan
- Activity is exempt from the CEQA because it is not a project as defined in Section 15378.
- G 15061(b)(3) - It can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment and the activity is not subject to the CEQA.

Statement of reasons why project is exempt:

The proposed project is located within the existing archery range in Kumeyaay Valley County Park. The Park is currently used for a mix of active and passive recreation activities including hiking, baseball, and equestrian uses. The project would involve minor improvements to an existing archery range to support archery activities. As the Park is already currently used for a variety of active and passive recreation activities and would retain the same operational hours, the proposed project would involve negligible expansion to the former use. The proposed project would involve minor earthwork to install the shade structures. This project does not involve any removal of mature trees. Additionally, the project will not impact environmental resources of hazardous or critical concern that are designated, precisely mapped and officially adopted by government agencies; does not contribute to cumulative environmental impact; will not have a significant impact on the environment due to unusual circumstances; does not damage scenic resources within a designated state scenic highway; is not on the list of Hazardous Waste and Substance Sites pursuant to Section 65962.5 of the Government Code; and does not cause adverse change in the significance of a historical resource.

The following is to be filled in only upon formal project approval by the appropriate County of San Diego decision-making body.
