Foothill rural residential and timber production.

Project Description: (please use a separate page if necessary)

Various partners, notably the Butte County Fire Safe Council, propose to restore burned mixed conifer-hardwood forest stands after the 2024 Park Fire in a 6,372-acre area around Cohasset, California. Activities would only be conducted with landowner permission. The program would consist of:
 1) Planting seeds and seedlings (with or without site preparation which may include herbicide applied in accordance with a recommendation from a California-licensed Pest Control Advisor) of California native trees, adapted to the local climate as modelled over the coming 50 years;
 2) Leader-training existing hardwood resprouts, to encourage faster development of woodland structure; and
 3) Processing of pruned material by either chipping & broadcasting on site, hauling off-site, lopping & scattering, piling and burning, or piling for wildlife without burning.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
