Project Location: Los Gatos, Morgan Hill, San Jose; Santa Clara County

City

County

Project Description (Proposed actions, location, and/or consequences).

Santa Clara Valley Water District (Valley Water) has prepared a Greenhouse Gas Reduction Plan (GHGRP) that meets the requirements of CEQA Guidelines Section 15183.5 to establish a comprehensive, programmatic strategy for reducing greenhouse gas (GHG) emissions associated with its operations and activities. The GHGRP includes an updated inventory of historical emissions (2017-2021), forecasts of future emissions through 2045, and establishes emissions reduction targets and a carbon budget consistent with State policies, including Assembly Bill 1279. The Plan identifies a suite of reduction measures, such as use of zero emission fuels, facility electrification, and carbon sequestration, to achieve carbon neutrality by 2045.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

No significant or potentially significant effects; no mitigation measures proposed

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

Not applicable

Provide a list of the responsible or trustee agencies for the project.

Santa Clara Valley Habitat Agency
California Air Resources Board
Native American Heritage Commission
Local jurisdictions in Santa Clara County
