This is to advise that the County of San Diego Department of Public Works (County decision-making body) has approved the above described project on May 8, 2026 and found the project to be exempt from CEQA under the following criteria:

**Exempt status and applicable section of the CEQA (“C”) and/or State CEQA Guidelines (“G”): (check only one)**

- Categorical Exemption:** Sec. G 15301 - Existing Facilities
- Declared Emergency:** Sec. C 21080(b)(3); Sec. G 15269(a)
- Emergency Project:** Sec. C 21080(b)(4); Sec. G 15269(b)(c)
- General:** Sec. C.
- Ministerial:** Sec. C 21080(b)(1); G 15268
- Preliminary Review:** Sec. G
- Statutory Exemption:** Sec. G

**Statement of reasons why project is exempt:** Section 15301 of the California Environmental Quality Act (CEQA) Guidelines exempts from CEQA review, actions consisting of the “operation, repair, maintenance, permitting, leasing, licensing or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features involving negligible or no expansion of existing or former use.” The key consideration is whether the activity involves negligible or no expansion of an existing use. The project consists of maintenance and repair activities to a closed landfill managed by the Department of Public Works. The existing land use consists of a publicly-owned airport with related ancillary uses, which is underlain by the closed landfill. The project will result in negligible or no expansion of existing uses and therefore is categorically exempt from CEQA pursuant to Section 15301 of the State CEQA Guidelines.

The following is to be completed only upon formal project approval by the appropriate County of San Diego decision-making body.
