PROJECT DESCRIPTION

Project Name: 303 W. 5th Street Design-Build

Project Description:
The project consists of tenant improvements to an existing 26,553-square-foot office building located at 303 West 5th Street in the City of San Bernardino. Proposed site enhancements include minor modifications to the existing parking layout and the addition of approximately 23 new accessory parking spaces. Upon completion, the property will provide a total of approximately 102 parking spaces, with the majority of spaces remaining existing.

Location: San Bernardino, CA

Reasons why the Project is exempt:

15301 – Class 1 (Existing Facilities) Class 1 applies to minor alterations of existing public structures involving negligible or no expansion of use. The project consists primarily of interior renovations and minor site improvements to an existing office building. The use of an administrative office space is consistent with prior office use and does not represent a substantial intensification of activity. **15311 – Class 11 (Accessory Structures)** The addition of approximately 23 new parking spaces constitutes a minor accessory improvement serving the existing facility. The parking improvements are subordinate to and supportive of the existing office use.
