

REASONS WHY THIS PROJECT IS EXEMPT OR DOES NOT REQUIRE FURTHER ENVIRONMENTAL DOCUMENTATION:

The California Environmental Quality Act (Section 21000, et. seq. of the California Public Resources Code, hereafter CEQA) requires analysis of agency approvals of discretionary “projects.” A “project,” under CEQA, is defined as “the whole of an action, which has a potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment.” (CEQA Guidelines § 15378(a)).

No potential new impacts related to the Project were identified that would necessitate further environmental review beyond the impacts and issues already disclosed and analyzed in the LRSP and General Plan EIRs. No other special circumstances exist that would create a reasonable possibility that the Project will have a significant adverse effect on the environment. Therefore, the prior EIRs are sufficient to support the proposed action and pursuant to State CEQA Guidelines Sections 15162 and 15183, no further environmental review is required.
