

NOTICE OF EXEMPTION

To: Office of Land Use and Climate Innovation
1400 Tenth Street
Sacramento, CA 95814

From: California Department of State Hospitals
1215 O Street
Sacramento, CA 95814

Project Title: Building G Roof Eave Barrier Installation

Project Location – Specific: Patton State Hospital, 3102 E. Highland Avenue

Project Location – City: Patton

Project Location – County: San Bernardino

Description of Nature, Purpose, and Beneficiaries of Project:

The project will install barrier to the edge of the roof at the visiting courtyard of Building G to replace the barrier that was removed during re-roofing.

Name of Public Agency Approving Project: California Department of General Services

Name of Person or Agency Carrying Out Project: Candace Epstein, Senior Architect, DGS

Exempt Status: CEQA Section 15311, Accessory Structures

Reasons Why Project is Exempt:

CEQA Section 15311 applies to minor structure accessory to existing institutional facilities. Roof-eave barriers are designed to prevent unauthorized rooftop access and are accessory to the existing hospital buildings and serve a safety/security function. The barriers do not expand use or change building footprint, nor do they increase building height. Patton SH is a historic era facility which has been evaluated and determined not eligible for listing as a historic resource, and the determination concurred with by the State Historic Preservation Office. The State has confirmed no exceptions to the exemption apply.
