Project Description (Proposed actions, location, and/or consequences).

The project would include a Site Development Permit, Multi-Habitat Planning Area (MHPA) Boundary Line Adjustment, and contract award, to allow construction of a new parking lot with five Americans with Disabilities Act (ADA) parking spaces and four standard parking spaces on the undeveloped knoll to the south of the Junipero Serra Museum at 2727 Presidio Drive in Presidio Park. Other improvements include sidewalks along the northwestern edge of the proposed parking lot, an ADA-compliant path from the proposed parking lot to the museum, a driveway from the proposed parking lot to Presidio Drive, a 12-inch storm drain with two catch basins, two winged concrete headwalls, and a bioretention basin at the base of the proposed driveway. A Boundary Line Adjustment (BLA) to the MHPA would remove 0.31 acre and add 0.86 acre to the MHPA.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.
