## NOTICE OF EXEMPTION

**Project Title:**

3810 Silver Spur Way Cargo Container

**Control Number:**

PLNP2025-00255

**Project Location:**

The project is located at 3810 Silver Spur Way, on the south side of Silver Spur Way, approximately 790 feet northwest of the intersection of Reycraft Drive and Park Road in the Foothill Farms community of the unincorporated Sacramento County.

**APN:**

240-0511-012

**Description of Project:**

The project consists of a request for a Minor Use Permit to legalize an existing cargo container in the rear yard of an existing property for personal storage in the Residential Density 2 (RD-2) zoning district.

**Name of Public Agency Approving Project:**

Sacramento County – [ceqa@saccounty.gov](mailto:ceqa@saccounty.gov)

**Person or Agency Carrying out Project:**

Mark Garcia  
Mark Garcia Associates  
5412 Fair Oaks Boulevard  
Carmichael, CA 95608  
(916) 256-9595  
mgabuilder22@gmail.com

**Exempt Status:**

Categorical Exemption (PRC Section 21084; CEQA Guidelines Sections 15300-15333):

- CEQA Guidelines Section 15301 – Existing Facilities

**Reasons Why Project is Exempt:**

The project will legalize an existing cargo container placed in the rear yard of an existing property for personal storage. Class 1 includes projects without any major changes in use or building area and is therefore exempt from the provisions of CEQA.

**Section 15300.2-Exceptions**

Section 15300.2 of the CEQA Guidelines, Exceptions, provides conditions under which categorical exemptions are inapplicable. Review of the Project indicates that it will not violate any of the exceptions, as described in the following section.

1. *For Classes 3, 4, 5, 6, and 11, will the project have an impact on an environmental resource of hazardous or critical concern where designated, precisely mapped, and officially adopted pursuant to law by federal, state, or local agencies?*

The project exemption is not one of the above classes and this exception does not apply.

2. *Will cumulative impacts be considerable because successive projects of the same type will occur at the same place over time?*

As it stands, the project will not result in potentially significant impacts. Therefore, no cumulative impacts will result from the project and successive projects of the same type and at the same place over time.

3. *Is there a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances?*

There are no known unusual circumstances that will have a significant effect on the environment.

4. *Will the project result in damage to scenic resources, including but not limited to trees, historic buildings, rock outcroppings, or similar resources within a highway officially designated as a scenic highway?*

River Road/ Highway 160 (from the Sacramento City Limits at the northern edge of Freeport to the southern tip of the Delta at Antioch Bridge) is a designated State Scenic Highway. The Project is not located within the vicinity of this scenic highway. Therefore, the project will not result in damage to scenic resources or similar resources within a highway that is officially designated as a scenic highway.

5. *Is the project located on a site which is included on any list compiled pursuant to Section 65962.5 of the Government Code?*

The project site is not included on any list compiled pursuant to Section 65962.5 of the Government Code. Therefore, implementation of the project will not have an impact related to being located on a hazardous waste site.

6. *Will the project cause a substantial adverse change in the significance of a historic resource?*

The project site does not contain any historical resources.

*Julie Newton 6-1-26*
