

**CEQA EXEMPTION / NEPA CATEGORICAL EXCLUSION  
DETERMINATION FORM (rev. 04/2022)**

<b><u>Project Information</u></b>	
<b>Project Name:</b> Utility Pole Replacement	
<b>DIST-CO-RTE:</b> 07-VEN-33	<b>PM/PM:</b> 10.45
<b>TRACKING Number:</b> 726-6US-1169	<b>DEP CE Number:</b> 202605038
<b><u>Project Description</u></b>	
Caltrans approves of the encroachment permit for Southern California Edison to replace a utility pole (#5038682E) within Caltrans right-of-way (ROW) along State Route (SR) 33 at post mile (PM) 10.45, as well as perform traffic control activities, in the City of Ojai, Ventura County. The new utility pole will be set two feet northeast of its original location. Excavation will have a depth of 6 feet, and an average width and length of 2 feet by 2 feet. No public utilities will be relocated, and no new ROW will be acquired.	

**Caltrans CEQA Determination** (Check one)

- Not Applicable** – Caltrans is not the CEQA Lead Agency
- Not Applicable** – Caltrans has prepared an IS or EIR under CEQA

Based on an examination of this proposal and supporting information, the project is:

- Exempt by Statute.** (PRC 21080[b]; 14 CCR 15260 et seq.)
- Categorically Exempt. Class 2c.** (PRC 21084; 14 CCR 15302)
  - No exceptions apply that would bar the use of a categorical exemption (PRC 21084 and 14 CCR 15300.2). See the [SER Chapter 34](#) for exceptions.
- Covered by the Common Sense Exemption.** This project does not fall within an exempt class, but it can be seen with certainty that there is no possibility that the activity may have a significant effect on the environment (14 CCR 15061[b][3].)

CEQA EXEMPTION / NEPA CATEGORICAL EXCLUSION DETERMINATION FORM

Caltrans NEPA Determination (Check one)

Not Applicable

Caltrans has determined that this project has no significant impacts on the environment as defined by NEPA, and that there are no unusual circumstances as described in 23 CFR 771.117(b). See SER Chapter 30 for unusual circumstances. As such, the project is categorically excluded from the requirements to prepare an EA or EIS under NEPA and is included under the following:

23 USC 326: Caltrans has been assigned, and hereby certifies that it has carried out the responsibility to make this determination pursuant to 23 USC 326 and the Memorandum of Understanding dated April 18, 2022, executed between FHWA and Caltrans. Caltrans has determined that the project is a Categorical Exclusion under:

- 23 CFR 771.117(c): activity (c)
23 CFR 771.117(d): activity (d)
Activity 6 listed in Appendix A of the MOU between FHWA and Caltrans

23 USC 327: Based on an examination of this proposal and supporting information, Caltrans has determined that the project is a Categorical Exclusion under 23 USC 327. The environmental review, consultation, and any other actions required by applicable Federal environmental laws for this project are being, or have been, carried out by Caltrans pursuant to 23 USC 327 and the Memorandum of Understanding dated December 23, 2016 and executed by FHWA and Caltrans.

Date of Categorical Exclusion Checklist completion (if applicable): N/A
Date of Environmental Commitment Record or equivalent: N/A

Briefly list environmental commitments on continuation sheet if needed (i.e., not necessary if included on an attached ECR). Reference additional information, as appropriate (e.g., additional studies and design conditions).

## CEQA EXEMPTION / NEPA CATEGORICAL EXCLUSION DETERMINATION FORM

### Continuation sheet:

- Please contact the Division of Environmental Planning should there be changes to the project scope.
- If there are any such changes to the proposed undertaking, an additional review by the cultural resource unit will be required. If previously unidentified cultural materials are unearthed during construction, work shall be halted in that area until a qualified archaeologist can assess the significance of the find.
- No unpaved soil will be disturbed, and no construction dewatering will be involved during construction activities.
- The Office of Permit needs to provide the Encroachment Permit Special Provisions (TR-0408) to the applicant.
- An arborist must be present during pole removal and placement to assure no impacts to trees, which appear to be oaks.
- A nesting bird survey must be done by a biologist prior to work to ascertain if nests are in the area. Survey should be up to 500 feet radius from point of impact. If nests are found and will be directly impacted, work shall cease until such time as young have fledged and left the area, per a biologist. If nests are adjacent, no work will occur if active nests of songbirds are 150 feet from construction or 500 feet for raptors until the young have fledged and left the area.
- As the trunk on this tree is very close to the pole, root damage may cause tree mortality. If in the judgement of an arborist, this coast live oak tree will indeed be lost, applicant will work with CT Landscape on planting a replacement coast live oak tree.
