Riverside, CA 92507

Project Title: Sanderson Lift Wet Well Lid Replacement Project
Project Location: 198 Sanderson Ave.
City: San Jacinto
County: Riverside

Description of Nature, Purpose, and Beneficiaries of Project:

Eastern Municipal Water District's (EMWD) Sanderson Lift Station, constructed in 2004, has been identified to need maintenance. The scope of work of the proposed project would consist of the replacement of ten (10) wet well lids, with the replacement also including a spring assisted lifting mechanism to ease strain of lifting the lids for EMWD staff and contractors. The I-beam angle brackets for the wet well lids will also be replaced to ensure functionality of the system. The wet well lids that are proposed for this project include:

- Three (3) Large Wet Well Vault Lids
- Two (2) Medium Wet Well Vault Lids
- Two (2) Instrument Hatches
- Three (3) at the Pipe Header

The purpose of the proposed project is to replace equipment that is nearing end of useful service life and provide adequate ergonomic protection for EMWD staff. Beneficiaries of the project are EMWD staff and ratepayers.

Public Agency Approving and Carrying Out Project: Eastern Municipal Water District

Exempt Status:

☒ 15301. Categorical

Reasons why project is exempt:

Implementation of the proposed project would result in replacement of wet well lids at an existing lift station to provide safe access to staff and extend the wet well's useful life. The work would consist of repair, maintenance, and minor alteration of an existing public facility with no expansion of existing use.
