Project Title: Dell'Orto Timber Harvesting Plan 4-25-00110-CAL (Streambed Alteration Agreement EPIMS Notification No. CAL-65645-R2)

Project Location: The projects are located within the boundaries of a timber harvesting plan in Calaveras County, within CALWATER watersheds Big Meadows, Upper Blue Creek, and their connecting tributaries; Township 7, Range, 17, Sections 21, 28, and 29 and Township 7, Range 16, Section 36, U.S. Geological Survey (USGS) map Calaveras Dome and Tamarack; Mount Diablo Base and Meridian.

Project Description: The California Department of Fish and Wildlife (CDFW) has executed Streambed Alteration Agreement EPIMS Notification Number CAL-65645-R2, pursuant to section 1611 of the Fish and Game Code to the project Applicant, Tim Tate.

The projects are limited in scope to the potential installation of up to eleven temporary stream crossings depending on the presence of flowing water, excavation of catch basins for instream water drafting, and associated water drafting activities. All crossing sites are existing stream crossings. Streamflow at these locations is sustained primarily by seasonal snowmelt, resulting in dry channels once the snowmelt period concludes. Further explanation of work can be found in the associated THP, 4-25-00110-CAL.

This is to advise that CDFW, acting as a Responsible Agency, executed the above Streambed Alteration Agreement on the date signed below and has made the following determinations regarding the project pursuant to California Code of Regulations section 15096, subdivision (i):

1. The project will not have a significant effect on the environment. This determination is limited to effects within CDFW's permitting jurisdiction as a Responsible Agency.
2. CDFW considered the environmental impact report prepared by the Lead Agency for this project pursuant to California Code of Regulations section 15096, subdivision (f).
3. Mitigation measures were made a condition of CDFW's approval of the project.
4. A mitigation reporting or monitoring plan was not adopted by CDFW for this project.
