Project Description (Proposed actions, location, and/or consequences).

The City of Ventura (City/Ventura) in coordination with the California Department of Transportation (Caltrans) District 7, proposes to relocate the existing United States Route 101 (US-101) northbound (NB) off-ramp at California Street to Oak Street, and to replace/extend the California Street Overcrossing in Ventura, Ventura County, California (project). The existing US-101/California Street off-ramp is located near the west end of the Ventura city limits at Post Mile (PM) 30.1, approximately 0.6 mile east of State Route 33 (SR-33) and 0.4 mile west of San Jon Road, near the Ventura County Fairgrounds.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The Initial Study/Environmental Assessment (IS/EA) prepared for this project is used to determine potential environmental impacts that would occur as a result of the project. The IS/EA did not identify any resource areas that would have significant or potentially significant effects that would require mitigation measures.

If applicable, describe any of the project's areas of controversy known to the lead agency, including issues raised by agencies and the public.

There are currently no known areas of controversy.

Provide a list of the responsible or trustee agencies for the project.
