

**NOTICE OF INTENT
TO ADOPT A MITIGATED NEGATIVE DECLARATION**

In accordance with Section 15072 of the California Environmental Quality Act (CEQA) Guidelines, this notice is to inform the general public that Reclamation District No. 1600 has completed an Initial Study and Mitigated Negative Declaration (IS/MND) for the Reclamation District NO. 1600 DMP Drainage Pipe Replacement Project (SCH #) and intends to adopt the Mitigated Negative Declaration for the project:

Project Title: Reclamation District No. 1600 DMP Drainage Pipe Replacement Project

Project Location: Reclamation District No. 1600

Project Description: Reclamation District No. 1600 (RD 1600) proposes the Deferred Maintenance Program (DMP) Drainage Pipe Replacement Project (Proposed Project). The Proposed Project involves replacing a single 48-inch drainage pipe that passes through the levee and conveys water from agricultural lands east of Woodland, California, to the Tule Canal within the Yolo Bypass. The replacement will be completed in kind, maintaining the existing pipe size, function, and alignment.

Findings: Reclamation District No. 1600 has determined that the Project, including mitigation measures included in the Project design, will not have significant effects on the environment.

Comment Period: June 25, 2026, 2026 to July 27, 2026

Lead Agency: Reclamation District No. 1600
