Present Land Use/Zoning/General Plan Designation:

LU: Agriculture, Waterway; Zoning: Delta Water, Agricultural – 80 Acres, Commercial Recreation, Recreation

Project Description: (please use a separate page if necessary)

Pacific Gas and Electric Company (PG&E) is proposing the Threemile Slough Pipeline Crossings Remediation and Decommissioning Project (Project), which consists of four primary components: project area preparation and equipment mobilization, remediation of the active L-131Y and L-131Z pipelines within Threemile Slough, removal of the terrestrial and submarine portions of the previously abandoned L-131 East and West pipelines, and post-construction restoration of the Project area and demobilization activities. Each Project component includes a defined series of steps summarized in the Mitigated Negative Declaration. Long-term operations of the active L-131Y and L-131Z pipelines would not differ from existing conditions.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".

☐ Air Resources Board	☐ Office of Historic Preservation
☐ Boating & Waterways, Department of	☐ Office of Public School Construction
☐ California Emergency Management Agency	☒ Parks & Recreation, Department of
☐ California Highway Patrol	☐ Pesticide Regulation, Department of
☒ Caltrans District # <u>3</u>	☐ Public Utilities Commission
