☒ Categorical Exemption. State type and section number: Class 1 Section 15301

☐ Statutory Exemptions. State code number: \_\_\_\_\_

Reasons why project is exempt: exempts the alteration of, and additions to, existing structures. Although the approximately 815-square-foot addition (about 74 percent of the existing 1,102-square-foot residence) exceeds the threshold in Section 15301(e)(1) (the lesser of 50 percent of existing floor area or 2,500 square feet), it remains below the 10,000-square-foot threshold in Section 15301(e)(2) for sites served by all public services and not located in an environmentally sensitive area, which describes this established infill lot.
