EXEMPT STATUS (CHECK ONE): (Also, see Appendix B of the *Napa Co Local Procedures for Implementing the CEQA*)

☐ Ministerial [Sec. 21080(b)(1); 15268];

☐ Declared Emergency [Sec. 21080(b)(3); 15269(a)];

☐ Emergency Project [Sec. 21080(b)(4); 15268(b)(c)];

☒ Categorical Exemption. State type and section number: **Class (Type): 1 Section #: 15301**

☐ Statutory Exemptions. State code number:

☐ General Rule: [Sec.15061(b)(3)]

REASONS WHY PROJECT IS EXEMPT: The project involves repair, maintenance and furnace replacement at the existing Napa County Animal Shelter located at 942 Hartle Court in Napa, California. The project is not anticipated to involve vegetation trimming or removal, and mature trees will be completely avoided. Pursuant to CEQA Section 15300, the proposed project would be considered Categorically Exempt based on at least one Exemption Class. The project is not anticipated to impact any known environmentally sensitive area, and its impact on the environment is insignificant, individually, and cumulatively. There is no reasonably possibility that the project will have a significant effect on the environment, or damage scenic resources because there will be no ground disturbance, and the replacement furnaces and repair work will occur within an existing facility and no involve the expansion of the footprint or intensify the existing use.

Pursuant to Sections 15022(a)(1)(C) and 15300.4 of the State CEQA Guidelines, the Napa County Board of Supervisors have adopted implementation procedures, identifying specific projects that would be categorically exempt from established CEQA Guidelines. The proposed project would therefore be Categorically Exempt from the provisions of CEQA pursuant to Title 14 CCR Section 15301 Class 1 – Existing Facilities. Class 1 consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public; or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination.

Date: June 9, 2026	Re: Napa County Animal Shelter Phase I Roof Repair and Phase I Furnace Replacement PW 25-05A and PW 26-05B

Background:

Pursuant to Section 303 of Napa County's Local Procedures for Implementing the California Quality Act (CEQA), the Planning, Building & Environmental Services Department has prepared this environmental evaluation for the proposed maintenance project at the Napa County Animal Shelter located in Napa County, California.

Project Location:

The project is located at 942 Hartle Court in Napa County California. Assessor's Parcel Number 005-180-020-000. The project area is surrounded by existing urban development including roads, infrastructure, public parking facilities, as well as various commercial and residential land uses. The Napa River is located west of the project site, but the Napa River Trail and a large riparian setback lie between the area of proposed work and the river itself.

Project Description:

The project includes removing the existing furnace units within the building and replacing them with new units. Under a separate contract the existing roof will be resealed to help prevent leaks and water damage. In addition to this work there will also be various minor related maintenance work related to minor electrical and structure repairs and improvements to ensure the continued operation capacity of the facility. The shelter has existed at this location since 2002, and the work involved is to repair and maintain the existing facilities; proposed work would not expand the footprint or use of the existing facility. No changes to the existing vegetation or topographic conditions are proposed are part of the project.

CEQA Exemption Criteria and Analysis:

Article 19 of the State Guidelines for Implementation of the California Environmental Quality Act (CEQA Guidelines) establishes a list of classes of projects that are categorically exempt from the provisions of CEQA. Pursuant to CEQA Section 15300, the proposed project would be considered Categorical Exempt based on at least one Exemption Class. According to the County's resource maps, the proposed improvement is not anticipated to affect any known environmentally sensitive area, and its

impact on the environment is insignificant, individually and cumulatively. There is no reasonable possibility that the project will have a significant effect on the environment given that the improvements are occurring within an existing facility and do not expand or intensify the existing use.

Based on an examination of the project, this project qualifies for the following exemptions under the California Environmental Quality Act – CEQA Guidelines Class 1: Existing Facilities section 15301 - this consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use. The project, involving the maintenance and repair of the existing Napa County Animal Shelter, is a minor alteration of existing facilities involving no expansion of the existing use. Overall, the proposed improvements would help maintain the existing facility and are consistent with the aforementioned exemption.

Pursuant to Sections 15022(a)(1)(C) and 15300.4 of the State CEQA Guidelines, the Napa County Board of Supervisors have adopted implementation procedures, identifying specific projects that would be categorically exempt from established CEQA Guidelines. The proposed project would therefore be Categorically Exempt from the provisions of CEQA pursuant to Title 14 CCR Section 15301 Class 1 – Existing Facilities. Class 1 consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public; or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination.

This determination is solely based on information provided by Sonja El-Wakil, Napa County Public Works. Should the proposed project be modified or new evidence be presented that environmental impacts have not been fully disclosed, this determination would not be valid.
