Present Land Use/Zoning/General Plan Designation:

Coastal Recreation (CR), Natural Areas (NA)

Project Description: (please use a separate page if necessary)

In December 2023 and early January 2024, high wave and storm events eroded and collapsed a section of the multiuse pathway across from approximately 800 West Cliff Drive and the Light House Field State Beach. The 800 West Cliff Drive Road Realignment project aims to eliminate the weakest link in the West Cliff Drive roadway system as an eroded scarp at the location has encroached to within 21 feet of the existing roadway, partially damaging an adjacent multiuse pathway. The project would shift an approximately 600-foot section of roadway nearest to the scarp approximately 60 feet inland, out of the 100-year erosion zone. A section of the multiuse pathway would also be shifted inland approximately 30 feet. A right-of-way acquisition from State Parks would be required to realign the road and multiuse pathway, as proposed.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X". If you have already sent your document to the agency please denote that with an "S".
