

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Interstate 580/Corral Hollow Road Interchange Bridge Improvement Project

Lead Agency: Dept. of Transportation

Contact Name: Jonathan Coley

Email: jonathan.coley@dot.ca.gov

Phone Number: 209-749-4083

Project Location: Interstate 580/Corral Hollow Road, Tracy
City

San Joaquin
County

Project Description (Proposed actions, location, and/or consequences).

Caltrans, in cooperation with the City, proposes to enhance local and regional traffic circulation and reduce existing and future congestion at the Interstate 580/Corral Hollow Road interchange resulting from buildout of the Tracy Hills Specific Plan. The current Interstate 580/Corral Hollow Road Interchange is a Tight Diamond configuration with single-lane on-and-off-ramps. A two-way stop sign controls the intersections of Corral Hollow Road and the ramp entrances/exits. The project proposes reconfiguring the existing Tight Diamond with a Diverging Diamond interchange.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The proposed project would have a less than significant impacts with In Lieu Fee mitigation to Waters of the State

The proposed project would have less than significant effects to air quality, greenhouse gas emissions, hazards and hazardous materials, noise, and transportation.

The proposed project would have no effect on aesthetics, agriculture and forestry, cultural resources, energy, geology and soils, hydrology and water quality, land use and planning, mineral resources, population and housing, public services, recreation, tribal cultural resources, utilities and service systems, and wildfire.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

None

Provide a list of the responsible or trustee agencies for the project.
