Project Description (Proposed actions, location, and/or consequences).

The California Department of Transportation proposes to reduce collisions, enhance safety, preserve, repair, and extend the life of the existing pavement and improve access for multiple modes of transportation on State Route 14 from post miles 46.20 to 58.60 in Kern County.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The project would have less than significant effects on Biological Resources, Greenhouse Gas Emissions, Hydrology and Water Quality.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

Not Applicable

Provide a list of the responsible or trustee agencies for the project.
