Reasons why project is exempt:

The project consists of the repair, maintenance, and rehabilitation of existing public streets and related transportation facilities within the existing public right-of-way. Project activities, including pavement rehabilitation, localized pavement repairs, asphalt overlays, curb and gutter replacement, ADA curb ramp upgrades, utility cover adjustments, pavement markings, and associated traffic control, are limited to restoring and maintaining existing infrastructure and do not result in the expansion of roadway capacity or the creation of new transportation facilities. The project will occur within previously disturbed areas and will not result in a significant environmental impact. None of the exceptions to the use of categorical exemptions set forth in CEQA Guidelines Section 15300.2 apply to the project.
