

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: City of Morgan Hill - Glen Ayre Hillside Water Reservoir Project

Lead Agency: City of Morgan Hill

Contact Name: David Gittleson

Email: david.gittleson@morganhill.ca.gov

Phone Number: 408-310-4642

Project Location: Morgan Hill

City

Santa Clara County

County

Project Description (Proposed actions, location, and/or consequences).

The existing tank is 35-feet in diameter with a capacity of 100,000 gallons. To increase the capacity to 250,000 gallons without affecting the water level height, the new tank will be designed to be approximately 55-feet in diameter. The new tank footprint will require an expansion of the existing utility easement. During construction, five 21,000 gallon temporary tanks will be placed onsite. The ground in the area will be lightly graded to provide a flat area for the temporary tanks. Once the five temporary tanks are in place, they will be filled and the existing tank will be demolished. Once the new tank is constructed and filled, the five temporary tanks will be dismantled and removed from the site. Basic screening landscaping will be planted around the new tank fencing to reduce visual impacts for homes near the tank. A paved access road will be constructed around the new tank for accessibility.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Biological Resources: Special Status Plants, Crotch Bumble Bee, Bay Checkerspot Butterfly, Blainville's Horned Lizard, nesting birds, American Badger. Cultural Resources: Unanticipated discoveries. Pale ontological Resources. Transpiration: Construction TMP. Tribal Cultural Resources: Unanticipated discoveries

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

None known

Provide a list of the responsible or trustee agencies for the project.
