Re: SCH # 2026071144 — Heacock Street South Extension Project

Dear Quang Nguyen:

The California Department of Transportation (Caltrans), Division of Aeronautics (Division) has reviewed **Heacock Street South Extension Project**. One of the goals of the Division is to assist cities, counties, and Airport Land Use Commissions (ALUC) or their equivalent, to understand and comply with the State Aeronautics Act pursuant to the California Public Utilities Code (PUC), Section 21001 et seq. Caltrans encourages collaboration with our partners in the planning process and thanks you for including the Division of Aeronautics in the review of the Mitigated Negative Declaration (MND).

The **MND states**, "A southern portion of Heacock Street beginning at Nandina Avenue is in an area that is currently identified as the Clear Zone in the 2014 March Air Reserve Base (MARB) / Inland Port Airport Land Use Compatibility Plan and the 2018 Air Installation Compatible Use Zones Study (pg 9)." Please coordinate with the Riverside County Airport Land Use Commission and March Air Reserve Base, as appropriate, to ensure that the proposed roadway improvements are consistent with applicable airport land use compatibility and Clear Zone requirements.

An ALUCP is crucial in minimizing noise nuisance and safety hazards around airports while promoting the orderly development in the vicinity of airports, as declared by the California Legislature. A responsibility of the ALUC is to assess potential risk to aircraft and persons in airspace and people occupying areas within the vicinity of the airport.

These comments reflect the areas of review by Caltrans Division of Aeronautics with respect to airport-related noise, safety, and land use planning issues. Thank you for the opportunity to review and comment. If you have any questions, please contact me by email at yizhou.wang@dot.ca.gov.
