DETERMINATION AND APPROVAL OF COMMERCIAL CANNABIS ANNUAL LICENSE(S)

Pursuant to Los Angeles Municipal Code (LAMC) Section 104.06, the following application for commercial cannabis activity is complete and the Department of Cannabis Regulation (DCR) has determined the Applicant meets the requirements for the issuance of an Annual License for the commercial cannabis activity listed below. DCR also has determined this project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to the categorical exemptions under Class 1 and Class 32.

DCR Record No.:	LA-C-26-404910-ANN
Applicant Name:	Primetime Enterprises
Activity(ies) Requested:	Manufacturing (Type 6)
Proposed Project:	The Applicant seeks an Annual License for the commercial cannabis activity(ies) listed above pursuant to LAMC section 104.06 et. al.
Business Premises Address/ Project Location:	3858 S Broadway Place Los Angeles, CA 90037
Council District: Closest Neighborhood Council: Business Improvement District: Community Plan Area: Zoning:	9 South Central None Southeast Los Angeles M1-2
LAMC Section / "Phase":	LAMC 104.06 / General
Environmental Analysis/Clearance: ENV-404910-ANN	Notice of Exemption pursuant to the Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332)

BACKGROUND:

The Applicant has not been issued Temporary Approval by DCR. The Applicant has adhered to the requirements of the Los Angeles Municipal Code (LAMC) and DCR's Rules and Regulations, and completed all requirements for the issuance of an Annual License. The Applicant does not currently possess a State License to conduct Manufacturing (Type 6) commercial cannabis activity.

The Applicant is not subject to the requirements of LAMC Section 104.20 for the Social Equity Program. The Business Premises is located at 3858 S Broadway Place, Los Angeles, CA 90037, a parcel zoned for Limited Industrial purposes.

DEPARTMENT ANNUAL LICENSING DETERMINATIONS:

DCR recommends approving the Annual License for the Applicant based on the following factors:

- The Applicant has met the Application requirements under LAMC Section 104.03.
- The Business Premises location meets the requirements under LAMC Section 105.02.
- The Application does not contain any grounds for denial under LAMC Section 104.04.

THERE ARE NO EXISTING REASONS TO DENY AN ANNUAL LICENSE:

DCR or the Cannabis Regulation Commission may deny an Annual Application for the reasons stated in LAMC section 104.04. These denial reasons include, but are not limited, to:

- The Business Premises is substantially different from the diagram of the Business Premises submitted by the Applicant or Licensee;
- Denying DCR employees or agents access to the Business Premises;
- Procuring a License by fraud or deceit, making a material misrepresentation, false statement, or knowingly failing to disclose a material fact;
- Failing to timely to provide DCR with requested information, forms or documents;
- Denial of a license, permit or other authorization to engage in Commercial Cannabis Activity by any state or other local licensing authority;
- Creation a significant public safety problem as documented by a law enforcement agency;
- Failure to adhere to the requirements of this article or the Rules and Regulations;
- Engaging in unlicensed Commercial Cannabis Activity in violation of Section 104.15;
- The Business Premises was the site of a utility disconnect, padlocking or certain criminal convictions for a period of 5 years from the date of the conviction, padlock or disconnect;
- Improper zoning or distancing of the Business Premises from Sensitive Uses under LAMC Section 105.00 *et seq*; and,
- An Owner is an individual who holds office in, is employed by, any agency of the State of California and any of its political subdivisions when the individual's duties include the enforcement or regulation of Commercial Cannabis Activity or any other penal provisions of law of the State of California prohibiting or regulating Commercial Cannabis Activity.

At present, DCR is not aware of any existing facts or circumstances to deny this Annual License for the reasons in LAMC Section 104.04.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PROJECT DESCRIPTION:

The Applicant seeks conversion of an existing Manufacturing (Type 6) Annual License Application to an Annual License to be located on an existing site zoned for Limited Industrial, M1-2 at 3858 S Broadway Place, Los Angeles, CA 90037 (Assessor's Parcel Number 5122-040-014). The Project-Specific Information (LIC-4013-FORM) submitted by the Applicant states that existing structures will remain with no expansion proposed (Exhibit A). Existing City sewer service is provided to the project site, and water and electricity are provided by the City of Los Angeles Department of Water and Power. Operations would be seven days per week from 9:00 a.m. to 5:00 p.m. Pre-application review has found the project to be consistent with planning and zoning. Further project site information is provided in the Project Parcel Profile Report from the City's Zone Information and Map Access System (ZIMAS) (Exhibit B). Compliance with Los Angeles Municipal Code Sections 104.00 *et seq*. and 105.00 *et seq*., as well as DCR's Rules and Regulations, does not waive or otherwise circumvent any other City or State requirements or necessary permits from the City, State, or other public agencies, such as the Los Angeles Department of Building and Safety, the Los Angeles Fire Department, or the Los Angeles County Public Health Department. Full compliance with all applicable regulations for the proposed cannabis use(s) are assumed in this analysis.

CEQA PROJECT ANALYSIS & FINDINGS:

Land Use/Zoning Designations
Limited Industrial / M1-2

Surrounding Land Use/Zoning Designations
Limited Industrial / M1-2

Subject Property
The subject site is a fully developed lot within the Southeast Los Angeles Community Plan Area. The lot is approximately 198 feet deep and a width of 56.64 feet along Broadway Place. The site is currently developed with a Industrial - Light Manufacturing - One Story building, built in 1956 proposed to be maintained.

The site has a Limited Industrial land-use designation and is zoned M1-2. The site is located within Council District 9, South Central Neighborhood Council, and the lot is flat and contains a pre-existing building to be used by the Applicant.

Abutting Properties
Abutting uses include Limited Industrial uses within 200 feet of the site. The immediate area along Broadway Place is predominantly developed with Limited Industrial uses, zoned M1-2. (See Exhibit B)

CEQA Findings

CEQA Guidelines, Sections 15301 & 15332, Class 1 & Class 32, consists of projects characterized as in-fill development meeting the following 5 conditions: (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations; (b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses; (c) The project site has no value as habitat for endangered, rare or threatened species; (d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality; and (e) The site can be adequately served by all required utilities and public services.

These conditions are met as follows: The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations for the requested commercial cannabis activities.

a) The site is comprised of one lot totaling approximately 9,259 gross square feet, zoned M1-2 with a Industrial - Light Manufacturing - One Story building originally constructed in 1956. No relief has been requested from any applicable provision or requirement of the Los Angeles Municipal Code.

b) The subject site is wholly within the City of Los Angeles, on an approximately 9,259 gross square foot property (i.e., less than five acres), and is substantially surrounded by Limited Industrial uses. The surrounding area is Limited Industrial zoned M1-2 and developed with a mix of Limited Industrial buildings along Broadway Place between 38th Street and 39th Street.

c) The project site has no value as habitat for endangered, rare or threatened species. The project is located within an established, fully developed, neighborhood. The project site has no value as habitat for endangered, rare or threatened species. The project does not propose the removal of any trees on-site and/or within the adjacent public right-of-way.

d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.

e) The site can be adequately served by all required utilities and public services. The project site will be adequately served by all required public utilities and services, given that the site is currently served by the City's Department of Water and Power, the City's Bureau of Sanitation, the Southern California (SoCal) Gas Company, the Los Angeles Police Department, the Los Angeles Fire Department, Los Angeles Unified School District, Los Angeles Public Library, and other public services. Compliance with Regulatory Compliance Measures as enforced through the Department of Building and Safety permitting process will ensure that any needed improvements are made in order to provide adequate delivery of utilities and services to the proposed project.

CEQA Section 15300.2: Exceptions to the Use of Categorical Exemptions. The City has further considered whether the proposed project is subject to any of the exceptions set forth in State CEQA Guidelines Section 15300.2, that would prohibit the use and reliance on the categorical exemptions. None of the exceptions are triggered. As the proposed project will result in no physical changes to the site, the project would not have physical impacts to the environment. As such, it would not have a combined impact with other projects in the area that would result in cumulative impacts. There are no unusual circumstances associated with the project, which is proposed in general plan designation and zoning classification that allow the proposed use. The project will not physically change the site or the existing structures. Therefore, the project would have no impact on scenic resources, historic building(s), and the site is not on the lists and the site is not on the lists that satisfy Government Code Section 65962.5, commonly referred to as the “Cortese List,” as being affected by hazardous wastes or clean-up problems.

Based on the analysis above, the proposed project is consistent with the criteria for Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332) and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

In conclusion, since the project meets all of the requirements for categorical exemption as set forth at CEQA Guidelines, Sections 15301 & 15332, and none of the applicable exceptions to the use of an exemption apply to the project, it is appropriate to determine this project is categorically exempt from the requirements of CEQA.

DEPARTMENT OF CANNABIS REGULATION ACTIONS:

The Department of Cannabis Regulation:

1. Determined, based on the whole of the administrative record, that the project is exempt from the California Environmental Quality Act (CEQA) pursuant to Article 19, Section 15301, Class 1, and Article 19, Section 15332, Class 32 of the State CEQA Guidelines (tit. 14, Cal. Code Regs., §§ 15301, 15332), and there is no substantial evidence demonstrating that an exception to a categorical exemption pursuant to CEQA Guidelines Section 15300.2 applies;

2. Pursuant to Los Angeles Municipal Code Section 104.06(b)(2), approved the Annual License for Manufacturing (Type 6) Commercial Cannabis Activity at the Business Premises location; and,

3. Adopted the Project Analysis & Findings and Notice of Exemption.

Project Description: *Insert project description information or reference where this information is located.*

We will be using the current facility to manufacture and package cannabis products. Our manufacturing will primarily be to produce pre-rolls. The bulk of the work on site will be co-packing of pre-rolls and vape cartridges into final product packaging.

The warehouse space available will provide enough space to house materials. We are planning to put up some walls within the warehouse to separate the space and create limited access areas to ensure products are stored safely. Other than that, there will be a few machines used to produce the product and shelving units for storage and organization.

CEQA Exemption Petition

Class: 1 Category: Existing facilities

Explanation of how the project fits the CEQA exemption indicated above:

The project will be operating within the existing facility and is not planning on adding any additional structures or expanding the physical space. The project is only re-organizing the already existing space to better fit the needs of the specific project.

1. **Source(s) of Information:** Identify Sources: *Indicate the document(s) or other sources of information reviewed to complete this form.*

Premises diagram

2. **Project Location and Surrounding Land Use.**

(a) Describe Project Location: *Provide detailed information about the project location and any other physical description that clearly indicates the project site location.*

The location is in an industrially zoned area where there are other warehouses and manufacturing facilities as well.

(b) Existing Land Uses/Zoning: *Describe the current land uses on the project site and any existing buildings and structures. Describe the surrounding land uses and zoning designations within a one-half mile radius of the project and list all abutting land uses.*

Currently zoned as industrial by the LA County Assessor's office.

(c) Previous Use: Describe the previous use of the Project site or facility, if known. Include an estimate of the time such previous operations ceased, if such information is available.

We do not have that information.

(d) Was the site previously used for a similar use? The key consideration is whether the project involves negligible or no expansion of an existing use.

It was used for some kind of manufacturing but not cannabis related.

(e) Maps to be Included: *Provide a vicinity map and aerial image to show the project location. Include photographs, not larger than 8½ by 11 inches, of existing visual conditions as observed from publicly accessible vantage point(s).*

3. **Project Operations/Description.** Provide the following information about project operation and maintenance activities. If more than one type of cannabis activity is occurring on-site, provide a description of the project operations for each activity. This should include the following relevant information.

(a) Activities Occurring Onsite: *Describe the activities included in the project application and identify any other commercial cannabis activity or activities occurring at the proposed premises, including other proposed cannabis activities occurring on the property. Describe the cannabis business operation methods and activities (e.g. cultivation methods, manufacturing and/or distribution operations).*

Manufacturing will include grinding of flower material and loading them into the pre-roll machines for processing. Once products are produced, they are quality checked and sent over for packaging or stored until packaging can begin.

Scales will be used to weigh plant material and throughout the manufacturing process for quality check products being made.

Packaging of products into mylar bags, jars or other packaging material and then sealed and stored in limited access areas.

When products are ready they will be loaded for delivery or picked up as needed.

(b) Cannabis Operation Activities Owned by the Same or Different Businesses: *Describe any additional cannabis operation activities existing or proposed either owned by the same or different businesses on the property.*

None

(c) Project Size: *Quantify the project size (total floor area of the project), and the lot size on which the project is located, in square feet.*

Building size: 7800 sq ft. Lot size: 0.26 acres

(d) State License: *Identify whether the applicant is licensed by, or has applied for licensure from, the California Department of Cannabis Control to engage in commercial cannabis activity at the proposed premises.*

Will be applying for a license with the California Department of Cannabis Control

(e) Hours of Operation/Work Shifts: *Identify the hours of operation/work shifts for the project.*

9 am to 5 pm

(f) Number of employees (total and by shift): *Estimate the number of anticipated employees onsite and occupancy during operating hours.*

At most 10 people total

(g) Estimated Daily Trip Generation: *Estimate the frequency of deliveries or shipments originating from and/or arriving to the project site. Identify the approximate number of vehicle trips per day to be generated by the project and information regarding the days and times most trips are expected to occur.*

Once or twice every other day maybe

(h) Source(s) of Water: *Name all sources of water, and indicate whether a new or amended water right must be obtained from the State Water Resources Control Board.*

From the city

(i) Wastewater Treatment Facilities: *Describe the facilities for treatment of wastewater (e.g., leach field, City wastewater collection facilities).*

LA County Sanitation Districts

4. Environmental Setting:

(a) Describe natural characteristics on the project site:

It's in an industrial zone of an urban area

(b) General Topographic Features (slopes and other features):

It's in a relatively flat area with no nearby hills or rivers, etc

(c) Natural characteristics (general vegetation types, drainage, soil stability, habitat, etc.):

It's an urban area with mostly weeds growing and city sewage drains.

(d) Identify whether there are any watercourses and riparian habitats within 150- feet of the proposed premises (e.g., drainage swales, stream courses, springs, ponds, lakes, creeks, tributary of creeks, wetlands):

None

(e) Identify whether the property contains natural features of scenic value of rare or unique characteristics (e.g., rock outcroppings, mature trees):

None

(f) Identify whether the property has any historic designations or archeological remains onsite:

None

(g) Identify whether the property contains habitat for special status species:

None

(h) Identify the location, type, and quantity of hazardous materials, as defined by Health and Safety Code section 25260, that are stored, used, or disposed of at the project site and a copy of the Hazardous Material Business Plan (HMBP) prepared for the proposed premises, if any:

There is none

(i) Discuss whether the project will increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117, that is generated or stored onsite:

The project will not increase the quantity or type of solid or hazardous waste.

(j) Describe the project's anticipated operational energy needs, identify the source of energy supplied for the project and the anticipated amount of energy per day, and explain whether the project will require an increase in energy demand and the need for additional energy resource:

Primary energy needs will be electrical but should no require an increase in energy demand.

5. Explain whether any of the project activities will expand the existing footprint of the proposed facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat. If the project is part of a larger project, attach a separate sheet to briefly describe the larger project.

None of the project activities will expand the existing footprint of the proposed facility.

6. Environmental Commitments: *List any environmental commitments agreed to by the applicant to the protection of biological or cultural resources, energy efficiency, water efficiency, noise abatement, lighting, or other aspects of the project that may reduce impacts on the environment.*

None currently

7. Other Relevant CEQA Information: *Submit any other relevant CEQA documentation or information that will assist the Department in determining CEQA compliance (e.g., any environmental impact analysis prepared by a consultant.*

8. Permits Required: *List all other required federal, state, and local permits required, including, but not limited to, all entitlements required for this project by a planning commission, local air district, or regional water board. Identify whether the commercial cannabis business(es) is licensed by or has applied for licensure from the Department, or one of the prior state cannabis licensing authorities:*

- ☒ California Department of Cannabis Control
- ☒ Los Angeles Fire Department
- ☒ Los Angeles Department of Building and Safety
- ☐ California Department of Fish and Wildlife
- ☒ State Water Resources Control Board / Regional Water Quality Control Board
- ☐ County of Los Angeles Public Health Permit
- ☐ Local Air District
- ☐ Streambed Alteration Agreement
- ☐ Water quality protection program
- ☒ Los Angeles Department of Water and Power
- ☒ Los Angeles Department of Public Works, Bureau of Sanitation

Partial List of Categorical Exemptions under CEQA

Certain commercial cannabis activities (projects) may be exempt from further environmental review pursuant to the California Environmental Quality Act (CEQA) because they fall within a class of projects determined not to have significant effect on the environment. (Cal. Code Regs., tit. 14, § 15300 et seq.) Common exemptions that may apply have been identified below.

Class	Category	Description
Class 1	Existing Facilities	Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. (Cal. Code Regs., tit. 14, §15301.)
Class 2	Replacement or Reconstruction	Consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced with a new structure of substantially the same size, purpose, and capacity. (Cal. Code Regs., tit. 14, § 15302.)
Class 3	New Construction or Conversion of Small Structures	Consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. (Cal. Code Regs., tit. 14, § 15303.)
Class 4	Minor Alterations to Land	Consists of minor public or private alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry and agricultural purposes. (Cal. Code Regs., tit. 14, § 15304.)
Class 11	Accessory Structures	Consists of construction, or placement of minor structures accessory to (appurtenant to) existing commercial, industrial, or institutional facilities. (Cal. Code Regs., tit. 14, § 15311.)
Class 32	In-Fill Development Projects	Consists of projects characterized as in-fill development meeting the conditions described in Cal. Code Regs., tit. 14, § 15332.
