NOTICE OF EXEMPTION

Project Title:
3199 Point Pleasant Rd Barn (UPM)

Control Number:
PLNP2026-00095

Project Location:
The project is located at 3199 Point Pleasant Road, Elk Grove, CA 95757

APN:
132-0331-019-0000

Description of Project:
The project consists of a **Minor Use Permit** to allow for an existing 10,060 square foot general agricultural structure. The request is to deviate from interior side and rear yard setback requirements set forth in the Zoning Code, on a 12.67-acre parcel, zoned for agricultural-residential use (A-5). The site is located approximately 520 feet south of the intersection of Point Pleasant Road and Lourence Road in the Delta community.

Name of Public Agency Approving Project:
Sacramento County – ceqa@saccounty.gov

Person or Agency Carrying out Project:
Hector Guzman
3199 Pleasant Point Road
Elk Grove, CA 95757
(530) 760-7176
guzhecm@gmail.com

Exempt Status:
Categorical Exemption (PRC Section 21084; CEQA Guidelines Sections 15300-15333):

- CEQA Guidelines Section 15301 – Existing Facilities

Reasons Why Project is Exempt:
The current entitlement (PLNP2026-00095) includes a request for a minor use permit to allow an existing 10,060 square foot general agricultural structure to deviate from the side and rear yard setback requirements for the A-5 zoning district. Class 1 consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use. Being that the structure

is an existing facility on the site and the entitlement request is only to obtain a permit for the structure, it is compliant with Class 1 criteria and is therefore exempt from the provisions of CEQA.

Section 15300.2-Exceptions

Section 15300.2 of the CEQA Guidelines, Exceptions, provides conditions under which categorical exemptions are inapplicable. Review of the Project indicates that it will not violate any of the exceptions, as described in the following section.

1. *For Classes 3, 4, 5, 6, and 11, will the project have an impact on an environmental resource of hazardous or critical concern where designated, precisely mapped, and officially adopted pursuant to law by federal, state, or local agencies?*

   The project exemption is not one of the above classes and this exception does not apply.

2. *Will cumulative impacts be considerable because successive projects of the same type will occur at the same place over time?*

   As it stands, the project will not result in potentially significant impacts. Therefore, no cumulative impacts will result from the project and successive projects of the same type and at the same place over time.

3. *Is there a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances?*

   There are no known unusual circumstances that will have a significant effect on the environment.

4. *Will the project result in damage to scenic resources, including but not limited to trees, historic buildings, rock outcroppings, or similar resources within a highway officially designated as a scenic highway?*

   River Road/ Highway 160 (from the Sacramento City Limits at the northern edge of Freeport to the southern tip of the Delta at Antioch Bridge) is a designated State Scenic Highway. The Project is not located within the vicinity of this scenic highway. Therefore, the project will not result in damage to scenic resources or similar resources within a highway that is officially designated as a scenic highway.

5. *Is the project located on a site which is included on any list compiled pursuant to Section 65962.5 of the Government Code?*

   The project site is not included on any list compiled pursuant to Section 65962.5 of the Government Code. Therefore, implementation of the project will not have an impact related to being located on a hazardous waste site.

6. *Will the project cause a substantial adverse change in the significance of a historic resource?*

   The project site does not contain any historical resources.
