Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

SCH #: Not assigned at this time.

Project Title: Morrison Creek and Beach Lake Levee Resiliency Project

Lead Agency: Sacramento Area Flood Control Agency

Contact Name: Dan Tibbitts

Email: SAFCAReview@saccounty.gov Phone Number: 916-874-7606

Project Location: Sacramento, Sacramento County

City *County*

Project Description (Proposed actions, location, and/or consequences).

The project would raise approximately 17,550 linear feet (LF) of the existing levees, by regrading the existing levee crowns and performing minor landside slope fills; removing and replacing approximately 1,279 LF of existing floodwalls, and constructing an additional 437 LF of new floodwall; landside slope flattening, repair of an existing Union Pacific Railroad stoplog structure, construction of a new levee turnaround, and nature-based solutions enhancing the ecological function and long-term resilience of the levee system.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The proposed project would have potentially significant impacts on biological resources, cultural resources, geology and soils, hazards and hazardous materials, hydrology and water quality, and tribal cultural resources, but mitigation measures are proposed to avoid or reduce these impacts to less-than-significant levels. Avoidance and Minimization measures for special status species including: special-status plants, VELB, Giant Garter Snake, NW Pond Turtle, Burrowing Owl, Special-status birds. Biological resource training for workers. No net loss of riparian habitat and aquatic resources. Compliance with County of Sacramento tree ordinance.
Implement SMAQMD basic construction emission control practices.
Worker training for cultural resources. Cultural and tribal monitoring and discovery plan. Avoidance of potential impacts to undiscovered historical resources, unique archaeological resources, and tribal resources. Avoid potential effects on undiscovered burials.
Implement a SWPPP and associated BMPs.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

None.

Provide a list of the responsible or trustee agencies for the project.

USACE, USFWS, FEMA, CVFPB, CVRWQCB, CDFW, City of Sacramento, County of Sacramento
