

San Francisco Bay Regional Water Quality Control Board

Notice of Exemption

To: Office of Planning and Research
P.O. Box 3044, Room 212
Sacramento, CA 95812-3044

From: SF Bay Regional Water Board
1515 Clay Street, Suite 1400
Oakland CA, 94612

Project Title: 400 Oyster Point Bay Trail Repair Project (Project)
Project Location - Specific: (37.664641, -122.381673)
Project Location – City: South San Francisco
Project Location - County: San Mateo County

Description of Nature, Purpose, and Beneficiaries of Project: The Project will construct a new portion of the Bay Trail adjacent to and further out of the high tide line than the existing trail at Oyster Point in South San Francisco. The existing trail becomes flooded by high tides for a portion of the year, and the new pathway will allow continued pedestrian access throughout the year. The existing trail will be closed during construction. Shrubs and other vegetation in the new trail alignment will be removed, while vegetation outside of the trail alignment will be protected and not damaged by construction access. The new 8-foot-wide concrete pathway will be constructed, and an existing connection to the parking lot will be filled and raised to the grade of the new trail. The existing trail will be left in place, with a small portion being replaced in-kind to connect it to the new alignment. Following construction, vegetation will be planted to mitigate for flooding and project impacts.

Name of Public Agency Approving Project as Lead Agency: SF Bay Regional Water Board
Name of Legally Responsible Persons or Agency Carrying Out Project: Yuta Naka and Kashiwa Fudosan

Exempt Status:

- ☐ Ministerial (Sec. 21080b(1); 15268);
☐ Declared Emergency (Sec. 21080b(3); 15269(a));
☐ Emergency Project (Sec. 21080b(4); 15269(b)(c));
☒ Categorical Exemption (State Type and Section Number): 15301 – Existing Facilities, Class 1.
☐ Statutory Exemption (State Code Number): _____

Reasons why the Project is exempt: The Project involves an addition to an existing structure that will not result in an increase of more than 2,500 square feet.
