Subject: Caltrans District 3 LDR Response: Pocket Substation Rebuild Project/SCH#2026080691
Date: Wednesday, September 9, 2026 9:40:26 AM

Good morning Kim,

Thank you for including the California Department of Transportation in the review process for the Pocket Substation Rebuild Project. We wanted to reach out and provide the comments below.

Any project along or within the State's right of way (ROW) requires an encroachment permit issued by Caltrans. To apply, a completed encroachment permit application, environmental documentation, and five sets of plans clearly indicating State ROW must be submitted to:

California Department of Transportation
District 3, Office of Permits
703 B Street
Marysville, CA 95901
D3encpermit@dot.ca.gov

Please provide our office with copies of any further actions regarding this proposal. We would appreciate the opportunity to review and comment on any changes related to this development.

Should you have questions please contact me by phone (530) 812-6874 or via email at D3.local.development@dot.ca.gov.

Thank you.

Respectfully,

Robynn Spence
