Cultural:

- If previously unidentified cultural materials are unearthed during construction, work shall be halted in that area until a qualified archaeologist can assess the significance of the find.

Hazardous Waste:

- Residue from the removal of yellow thermoplastic pavement marking and/or yellow painted traffic stripe may contain lead chromate. Residue produced from the separate removal of any yellow thermoplastic pavement marking, and/or yellow painted traffic stripe may contain heavy metals in concentrations that exceed thresholds established by the Health and Safety Code and 22 California Code of Regulations (CCR).
