Subject: SCH 2026090154 AMA-49-PM 5.685 City of Jackson Water Tank Replacement Project
Date: Tuesday, September 22, 2026 3:48:00 PM

Good afternoon, Mr. Haass,

The California Department of Transportation (Caltrans) appreciates the opportunity to review and comment on the Initial Study/Mitigated Negative Declaration for the Martell Water Storage Reservoir Replacement project (Martell Reservoir/Clearwell). The reservoir will be replaced with two (1.3 million gallon) water storage tanks and new inlet and outlet piping will be installed to and from the new tanks and connect to existing fill and distribution pipes.

Based on the description, the proposed project will not impact State Route (SR) 49. Caltrans has no additional comments. However, Caltrans requests to be included in the review process for any improvements to the parcel or surrounding parcels as well as encroachment on SR 49.

Kindly,

Ashley Cooper
