Project Description (Proposed actions, location, and/or consequences).

Allow an 80-foot-tall unmanned wireless telecommunications monopine facility and related antennas, ground-mounted equipment, backup generator, utilities, and associated improvements within a 50-foot by 50-foot fenced lease area on an approximately 8-acre parcel within the M-1 (Light Manufacturing) Zone District.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Based upon Initial Study No. 8896 prepared for Unclassified Conditional Use Permit No. 3851, staff concludes that the project would have potential impacts related to Aesthetics, Cultural Resources, and Tribal Cultural Resources would be reduced to less than significant with implementation of Mitigation Measures 1 through 3.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

No areas of controversy were identified by reviewing Agencies, Departments, or the public.

Provide a list of the responsible or trustee agencies for the project.
