Project Title: Embarcadero Sewer Pipe Repair

Project Applicant: Travis Brozowski, Contractor, ABC General Contractor Inc. on behalf of County of San Diego, 1941 Friendship Drive, Suite F, El Cajon, CA 92020, (619) 937-1010

Project Location – Specific: 1492 North Harbor Drive, San Diego, CA 92101

Project location – City: San Diego

Project Location – County: San Diego

Description of Nature, Purpose, and Beneficiaries of Project: This is an amendment to correct the project description of previous project #2026-071. The correct estimated excavation is "up to 13 feet", and estimated working days have been updated to approximately 15.

The proposed project would involve a repair/replacement of a storm drain pipe by the County of San Diego ("Applicant") in the city of San Diego, California. Work to specifically complete the proposed project would involve removal of existing concrete in an existing parking lot, excavation of up to 13 feet to expose damaged trench line pipe, and removal and replacement with a new 12" pipe. Applicant would then backfill, compact, repave and restripe parking spaces.

Construction of the proposed project is anticipated to occur in July or August 2026 and would take approximately 15 working days to complete with ongoing modifications and maintenance, as needed. Applicant will fence off the working area and will temporarily affect 13 parking spaces to reach the sewer pipe. Applicant will redirect traffic within the parking lot around the construction area as needed.

Due to its nature and limited scope, construction of the proposed project would generate a minor amount of vehicle trips and would require limited use of equipment. Therefore, impacts related to air quality, greenhouse gas emissions, transportation and traffic are not anticipated to occur. Furthermore, the Applicant would be responsible for complying with all applicable federal, state, and local laws regarding construction demolition debris, hazards and hazardous materials, and stormwater.

Name of Public Agency Approving Project: San Diego Unified Port District (SDUPD)

Exempt Status: (Check one):
☐ Ministerial (Sec. 21080(b)(1); 15268);
☐ Declared Emergency (Sec. 21080(b)(3); 15269(a));
☐ Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
☒ **Categorical Exemption(s): Existing Facilities (SG § 15301) (Class 1)**
☐ Statutory Exemption. State code number:

Reason Why Project is Exempt: The proposed project is determined to be Categorically Exempt pursuant to California Environmental Quality Act (CEQA) Guidelines Section 15301 (Existing Facilities) and Section 3.a. of the District's Guidelines for Compliance with CEQA. This is appropriate for the proposed project because the repair and replacement of a storm drain pipe would not result in a significant cumulative impact due to the continuation of the existing use. Section 3.a. of the District's CEQA Guidelines is as follows:

- 3.a. Existing Facilities (SG § 15301) (Class 1): Includes operation, repair, maintenance, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that previously existing.

- (7) Existing facilities used to provide electric power, natural gas, sewerage, or other public utility service.
