Project Title: Crack Seal 2027

Project Location: See attached vicinity map

Description of Nature, Purpose, and Beneficiaries: See attached project description

Public Agency Approving Project: San Joaquin County Public Works Department

Name of Agency Carrying Out Project: San Joaquin County Public Works Department

This is to advise that the San Joaquin County Public Works Department has approved the above described project on 8/31/2026 and has made the determination that the project is exempt due to the following:

Exempt Status (check one):

- ☐ Ministerial (Sec. 21080 (b) (1); 15268)
- ☐ Declared Emergency (Sec. 21080 (b) (3); 15269(a))
- ☐ Emergency Project (Sec. 21080 (B) (4); 15269(b) (c))
- ☒ Categorical Exemption: Existing Facilities (Sec. 15301 (c))
- ☐ Statutory Exemption (Sec. 15282(l))

Reason(s) why project is exempt: The project will repair existing roads and will not result in any major alterations to the configuration of the roads. No additional vehicle travel lanes will be constructed.

- **Supervisory District 3: Roberts Road:** Howard Road to Muller Road.
- **Supervisory District 4: Arrigone Way:** Duncan Road to East End, **Austin Road:** Lathrop Road to French Camp Road, **Bentley Court:** West End to Granada Lane, **Brovelli Lane:** Catherine Lane to Louie Lane, **Daniel Street:** Harrison Street to Knox Drive, **David Court:** Laurin Drive to North End, **DiCarlo Drive:** West End to Cox Road, **Foreman Court:** Duncan Road to East End, **French Camp Road:** Jack Tone Road State Route 120, **Front Street:** Archerdale Road to Duncan Road, **Front Street:** Duncan Road to State Route 26, **Giovanni Court:** South End to Monte Vista Drive, **Grace Street:** West End to Mill Street, **Granada Court:** Granada Lane to North End, **Granada Lane:** State Route 26 to Front Street, **Harney Lane:** Lodi City Limits (270 feet west of Extension Road) to Lodi City Limits (510 feet east of Extension Road), **Harney Lane:** Jack Tone Road to Tully Road (North), **Harrison Street:** 200 feet north of Grace Street to North End, **Ione Street:** 250 feet north of Grace Street to Monte Vista Drive, **Jack Tone Road:** State Route 4 to Mormon Slough, **Jack Tone Road:** Harney Lane to Jack Tone Road Bypass, **Knox Drive:** Daniel Street to Monte Vista Drive, **Laurin Drive:** West End to Alfalfa Street, **Lower Sacramento Road:** 2,950 feet north of Armstrong Road to Harney Lane, **Market Street:** State Route 26 to Grace Street, **Mill Street:** State Route 26 Front Street, **Monte Vista Drive:** Duncan Road to Ryburn Way, **Risso Court:** West End to Granada Lane, **Ryburn Way:** DiCarlo Drive to Monte Vista Drive, **Tommy Way:** Laurin Drive to Monte Vista Drive, **Varene Court:** East End to Granada Lane.
- **Supervisory District 5: Clover Road:** West End to Tracy City Limits (1,320 feet west of Tracy Boulevard), **Grant Line Road (West):** Mountain House Parkway to Byron Road Roundabout. See attached Vicinity Maps.

Project Justification:

In Fiscal Year 2013-2014, Road Maintenance began applying crack treatment on County roadways as a preventive maintenance measure. Design Engineering initiated a Crack Seal Program in Fiscal Year 2014-2015 for roads that are planned to be slurry/chip sealed in the near future.

CRACK SEAL 2027

Project Description

The existing pavement condition of these roadways, in general, varies from good to poor with moderate to severe longitudinal, transverse, and block cracks. Some roadway segments have raised cracks that create a bumpy ride.

Scope of Work:

The project will consist of:

1. Sealing longitudinal, transverse, and block cracks between 1/4 inch and 2 inches wide with hot applied Crack Treatment (Type 3).
2. Compacting Type II Slurry Seal crushed aggregate into the hot crack treatment for cracks between 1 inch and 2 inches wide.
3. Filling and compacting cracks and potholes wider than 2 inches with 3/8-inch Hot Mix Asphalt (HMA) or CrafcO's Mastic One or approved equal.
4. Planing all raised cracks higher than 1/4 inch to match the existing roadway grade.
5. Fog sealing all planed areas after crack sealing.

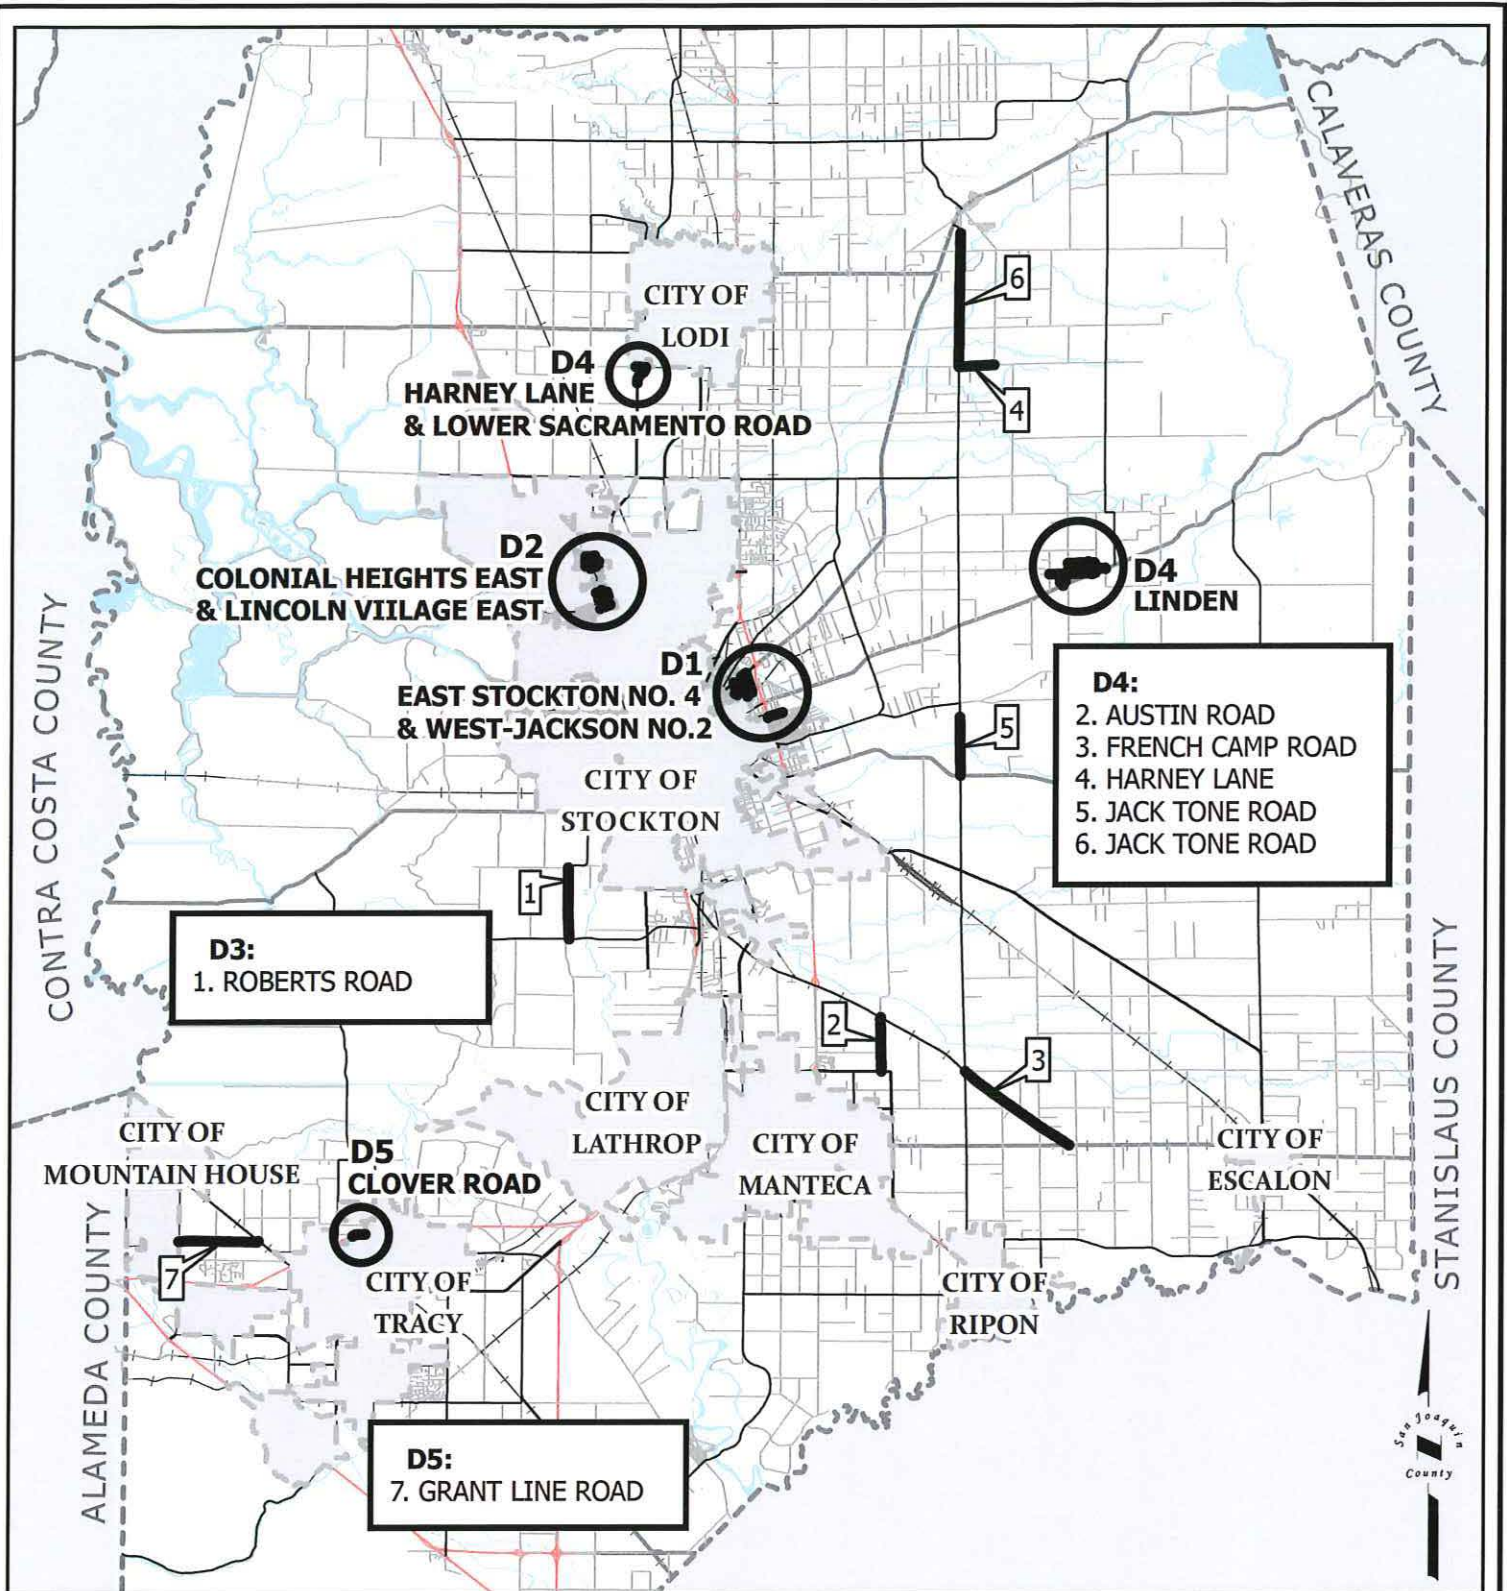

Environmental Setting:

In these portions of the San Joaquin County, land usage varies but is primarily **rural with single family homes**.

There are many large trees adjacent to the project area. Nesting and migratory birds, protected by the Migratory Bird Treaty Act, may nest within these trees. Furthermore, the Swainson's Hawk, a raptor species of concern within the State of California and listed as threatened may nest adjacent to or within the project area. A pre-construction survey for nesting Swainson's Hawks and other migratory birds is recommended if construction is scheduled to occur from February 15th to September 1st.

Beneficiaries:

The public will see increased safety and fewer hazards with these well-maintained roads. Overall, there will be reduced maintenance concerns and more reliability within the project areas.
