Project Description

Caltrans proposes to install approximately 70-feet of chain link fence Type (CL-6) along existing bicycle jughandle at Camino del Rio South at the eastbound I-8 collector to Fairmount Avenue adjacent to I-8. This is an exclusionary measure to discourage the re-establishment of unsheltered individuals. Caltrans proposes to perform encampment deterrent measures to prevent persons experiencing homelessness (PEH) being established. Project work includes installing 24-36-inch minus rock, brow ditch cleaning, culvert cleaning, vegetation excess growth removal, tree stump removal, and install fencing. All work is within existing Caltrans right-of-way. Environmental commitments for biological resources, visual resources, hazardous materials, and NPDES/Stormwater are included in the Environmental Commitments record (ECR).
