NOTICE OF EXEMPTION

Project Title:
Sacramento Taekwondo Club

Control Number:
PLNP2025-00223

Project Location:
The project is located at 3999 N. Freeway Boulevard, approximately 1,700 feet south of N. Market Boulevard, in the Natomas community.

APN:
237-0690-009-0000

Description of Project:
The project consists of a Conditional Use Permit to allow an indoor recreational facility in the MP zoning district, located at 3999 N. Freeway Blvd., within the Natomas community.

Name of Public Agency Approving Project:
Sacramento County – ceqa@saccounty.gov

Person or Agency Carrying out Project:
Barbara Brand
Sacramento Taekwondo Club
5030 Dodson Lane
Sacramento, CA 95835
(916)-425-6552
bbrandstc@gmail.com

Exempt Status:
Categorical Exemption (PRC Section 21084; CEQA Guidelines Sections 15300-15333):

- CEQA Guidelines Section 15301 – Existing Facilities

Reasons Why Project is Exempt:
Class 1 consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use. The project consists of allowing an indoor recreational facility within an existing commercial building. No new construction, expansion of the building footprint, or exterior alteration is proposed; the project involves only a change in use within existing, previously occupied tenant space and is therefore exempt from the provisions of CEQA.

Section 15300.2-Exceptions

Section 15300.2 of the CEQA Guidelines, Exceptions, provides conditions under which categorical exemptions are inapplicable. Review of the Project indicates that it will not violate any of the exceptions, as described in the following section.

1. *For Classes 3, 4, 5, 6, and 11, will the project have an impact on an environmental resource of hazardous or critical concern where designated, precisely mapped, and officially adopted pursuant to law by federal, state, or local agencies?*

   The project exemption is not one of the above classes and this exception does not apply.

2. *Will cumulative impacts be considerable because successive projects of the same type will occur at the same place over time?*

   As it stands, the project will not result in potentially significant impacts. The project consists of a Conditional Use Permit to operate an indoor recreational facility within an existing building with no expansion of use. Therefore, no cumulative impacts will result from the project and successive projects of the same type and at the same place over time.

3. *Is there a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances?*

   There are no known unusual circumstances that will have a significant effect on the environment.

4. *Will the project result in damage to scenic resources, including but not limited to trees, historic buildings, rock outcroppings, or similar resources within a highway officially designated as a scenic highway?*

   River Road/ Highway 160 (from the Sacramento City Limits at the northern edge of Freeport to the southern tip of the Delta at Antioch Bridge) is a designated State Scenic Highway. The Project is not located within the vicinity of this scenic highway. Therefore, the project will not result in damage to scenic resources or similar resources within a highway that is officially designated as a scenic highway.

5. *Is the project located on a site which is included on any list compiled pursuant to Section 65962.5 of the Government Code?*

   The project site is not included on any list compiled pursuant to Section 65962.5 of the Government Code. Therefore, implementation of the project will not have an impact related to being located on a hazardous waste site.

6. *Will the project cause a substantial adverse change in the significance of a historic resource?*

   The project site does not contain any historical resources.
