

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Scott Road Regional Lift Station Sewer Conveyance Project

Lead Agency: Eastern Municipal Water District

Contact Name: Martha Vilchis

Email: vilchism@emwd.org

Phone Number: 951-928-3777 ext. 4525

Project Location: Unincorporated Riverside County

City

County

Project Description (Proposed actions, location, and/or consequences).

The proposed Project involves the construction and operation of a new expandable lift station (the Scott Road Regional Lift Station), the decommissioning of an existing lift station (the Wickerd Road Lift Station), and construction of approximately 12,775 linear feet and 9,000 linear feet of new gravity and force main sewers, respectively, in the roadway right-of-way on the following segments: Beeler Road north of Scott Road; Scott Road between Leon Road and Beeler Road; Leon Road between Scott Road and Wickerd Road; Wickerd Road between the existing WRLS and Eucalyptus Road; and Eucalyptus Road between Wickerd Road and Craig Avenue.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Potentially significant impacts that would be reduced to a less-than-significant level with mitigation were identified for the following environmental resource categories: biological resources; cultural resources; noise; tribal cultural resources; and mandatory findings of significance. Mitigation measures include: BIO-1a: Rare Plant Avoidance; BIO-1b: Sensitive Plant Mitigation; BIO-2: Avoidance of Nesting Birds and Raptors; BIO-3: Western Spadefoot Avoidance; BIO-4a: Burrowing Owl Survey and Pre-Construction Burrowing Owl Survey; BIO-4b: Burrowing Owl Mitigation; BIO-5: Stephens' Kangaroo Rat HCP Mitigation Fee; BIO-6a: Special-Status Wildlife Species Surveys and Avoidance; BIO-6b: Special-Status Wildlife Species Mitigation; BIO-7: Construction Staging Areas; BIO-8: Biological Construction Monitoring and Temporary Construction Fencing; BIO-9: Worker Environmental Awareness Program; BIO-10a: Acquire Permits for Impacts to Jurisdictional Features; BIO-10b: Mitigation for Jurisdictional Impacts; BIO-11: Night Lighting; CUL-1: Tribal Monitoring; CUL-2: Establish Environmentally Sensitive Area for Tribal Cultural Resources; CUL-3: Controlled Grading; CUL-4: Worker Environmental Awareness Training; CUL-5: Evaluation of Discovered Artifacts; CUL-6: Disposition of Inadvertent Discoveries; CUL-7: Non-Disclosure of Reburial Locations; CUL-8: Procedure for Discovery of Human Remains; NOI-1: Construction Noise Control Plan.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

N/A

Provide a list of the responsible or trustee agencies for the project.

Responsible Agencies:

California Department of Fish and Wildlife*
California Occupational Safety and Health Administration
County of Riverside
Regional Conservation Authority*
Regional Water Quality Control Board*
Riverside County Habitat Conservation Authority
South Coast Air Quality Management District
State Water Resources Control Board
U.S. Army Corps of Engineers*
U.S. Fish and Wildlife Service*

Trustee Agencies:

California Department of Fish and Wildlife
