Project Title: Permit No. 20119 – Authorize Existing Access Ramps Project

Project Applicant: Marshall Pylman

Project Location: The project is located on the landside slope of the Reclamation District No. 150 Unit No. 03 Elk Slough left bank levee, approximate coordinates 38.36392°N, 121.55515°W, at levee miles 3.40 and 3.44, respectively, in Yolo County.

Project Description: To authorize two existing landside access ramps on the left bank of Elk Slough. The ramps are shown in the U.S. Army Corps of Engineers As-Constructed Drawing No. 06-13-1100, dated January 1933, which signifies that the ramps were constructed with the Flood Control Project.

Public Agency Approving Project: Central Valley Flood Protection Board (Board)

Exempt Status:

- ☐ Ministerial (Sec. 21080(b)(1); 15268);
- ☐ Declared Emergency (Sec. 21080(b)(3); 15269(a));
- ☐ Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- ☐ Common Sense Exemption (CEQA Sec. 15061(b)(3))
- ☒ Categorical Exemption: Sec. 15301
- ☐ Statutory Exemption: _____

Reasons Why Project is Exempt:

The Board has determined that the project activities within the Board's authority are exempt from CEQA pursuant to the Class 1 (Existing Facilities) categorical exemption (California Code of Regulations, title 14, section 15301). The project qualifies for this exemption because it is limited to the operation, repair, maintenance, permitting, or minor alteration of an existing facility and involves negligible or no expansion of existing or former use. The Board further finds that none of the exceptions to the categorical exemptions set forth in California Code of Regulations, title 14, section 15300.2 apply.
