Notice of Exemption

To: Riverside County Clerk
2724 Gateway Drive
Riverside, CA 92507

Project Title: Perris Valley Regional Water Reclamation Facility Secondary Clarifier 5, 6 and 8 Rehabilitation
Project Location: 1301 Case Rd.
City: Perris
County: Riverside

Description of Nature, Purpose, and Beneficiaries of Project:

Eastern Municipal Water District's (EMWD) Perris Valley Regional Water Reclamation Facility (PVRWRF) provides the Perris Valley region with wastewater treatment services. As a result of rehabilitation PVRWRF is currently undergoing, EMWD staff observed that Secondary Clarifier (SC) 6 and SC 8 were experiencing severe deterioration and required immediate repairs. SC 5 was also inspected and the gate, plugged drain lines, and steel structure are in need of repairs.

The scope of work includes the removal and replacement of existing clarifier mechanism components, bridge and scum hopper, weirs and scum baffles, and drive unit. Beneficiaries of this project are EMWD ratepayers.,

Public Agency Approving and Carrying Out Project: Eastern Municipal Water District

Exempt Status:

☒ Categorical. 15301 and 15302(c)

Reasons why project is exempt:

Implementation of the proposed project would result in the repair, maintenance, and minor alteration of the existing facility with negligible expansion of the existing use as well as the replacement or reconstruction of an existing utility system with negligible or no expansion of capacity and on the same site as originally located. The existing SC's are in need of rehabilitation, as they serve an important role in the wastewater treatment process. Their use or capacity would not be extended, as the mechanism would be replaced with new ones to maintain service.
