Project Title: Permit No. 20117 – Authorize Existing Distribution Poles (PM35654236 and PM 35654228)

Project Applicant: Pacific Gas & Electric

Person Carrying Out Project: Pacific Gas & Electric, Laura Navarro, PM, 850 Stillwater Road, West Sacramento, CA 95605; l1no@pge.com; (530)215-9648

Project Location: Located along the Yolo Bypass on Liberty Island Road on both sides of the road, at 38.33666°N 121.7123°W, Reclamation District 2098, in Solano County.

Project Description: To authorize a 35-foot tall electric distribution pole set 6.5-foot deep (PM 35654236) and a 50-foot tall electric distribution pole set 8-foot deep (PM 35654228) installed in 1955.

Public Agency Approving Project: Central Valley Flood Protection Board (Board)

Exempt Status:

☒ Categorical Exemption: Sec. 15301

☐ Statutory Exemption: _____

Reasons Why Project is Exempt:

The Board has determined that the project activities within the Board's authority are exempt from CEQA pursuant to the Class 1 (Existing Facilities) categorical exemption (California Code of Regulations, title 14, section 15301). The project qualifies for this exemption because it is limited to the operation, repair, maintenance, permitting, or minor alteration of an existing facility and involves negligible or no expansion of existing or former use. The Board further finds that none of the exceptions to the categorical exemptions set forth in California Code of Regulations, title 14, section 15300.2 apply.
