Notice is Hereby Given: On October 19, 2026 a Notice of Preparation (NOP) of an Environmental Impact Report (EIR) was distributed on behalf of the City of Fresno (City) as Lead Agency for the Vesting Tentative Tract Map 6525 (proposed project).

Due to technical difficulties, the Public Meeting scheduled via zoom on November 3 at 6:00 PM was unable to be completed as planned. This notice is to announce that the public comment period has been extended by 14 days to December 2, 2026. Additionally, a public meeting will be held via zoom on Tuesday, December 1st at 6:00PM, pursuant to Section 15083 of the CEQA Guidelines, to solicit public comments on the scope and content of the EIR**.**

The following information remains consistent with the previously circulated NOP, with revised information regarding public review and the scoping meeting underlined.

Project Title: Vesting Tentative Tract Map 6525

Project Location: The proposed project is located at 5046 East Lane Avenue in the City of Fresno, on Assessor's Parcel Number (APN) 472-021-30, see Figure 1. The project site is bound to the north by East Lane Avenue and multi-unit residential uses and Greenberg Elementary School, to the east by single-unit residential uses, to the south by East Butler Avenue and single-unit residential uses, and to the west by multi-unit residential uses, see Figure 2.

Project Description: The proposed project would include the demolition of an existing 522,470-square-foot vacant building previously utilized by the Internal Revenue Service and deemed eligible for a historic resource by the City of Fresno Historic Preservation Commission, and the associated surface parking lot with 2,698 parking spaces and landscaped area. The proposed project would construct a subdivision with 432 single-unit residential lots and 3 outlots for public open space within a planned residential community with public streets throughout and private alleys and walkways on the western half on a site area of approximately 47.57 acres, see Figure 3. The proposed project would include associated parking and circulation, landscaping, lighting, and utilities and infrastructure. The project site is currently zoned as PI (Public and Institutional) and is designated as Public and Institutional under the City of Fresno General Plan and would require a Rezone to rezone the parcel to RS-5 (Single-Unit Residential, Medium Density) and a General Plan Amendment to change the land use designation to Medium Density Residential. The project applicant is requesting approval of applications for a General Plan Amendment-Rezone (P25-03475), Tentative Tract Map (T-6525), and Planned Development (P25-03477). The City is the Lead Agency for review of the proposed project under the CEQA.

Areas of Potential Environmental Effects: Potentially significant environmental impacts of the proposed project include, but may not be limited to, the following: Air Quality, Biological Resources, Cultural Resources, Greenhouse Gas Emissions, and Noise.

Document Availability and Public Review Timeline: Due to the time limits mandated by State law, your response to the NOP must be sent no later than 30 days after publication of this notice. The review period for the NOP will be from 10/19/2026 to 12/2/2026. Copies of the NOP can be reviewed at the City of Fresno, 2600 Fresno Street, Room 3043, Fresno, CA 93721. Electronic copies can also be accessed on the City's website at: https://www.fresno.gov/planning/plans-projects-under-review/.

Public Scoping Meeting: The CEQA process encourages comments and questions from the public throughout the planning process. Pursuant to Section 15083 of the CEQA Guidelines, a virtual Public Scoping Meeting will be held via Zoom to solicit public comments on the scope and content of the EIR**.** A public scoping meeting for this project will be conducted via zoom on 12/1/2026 at 6:00 PM at the following link: https://fresno.zoomgov.com/s/1659902239

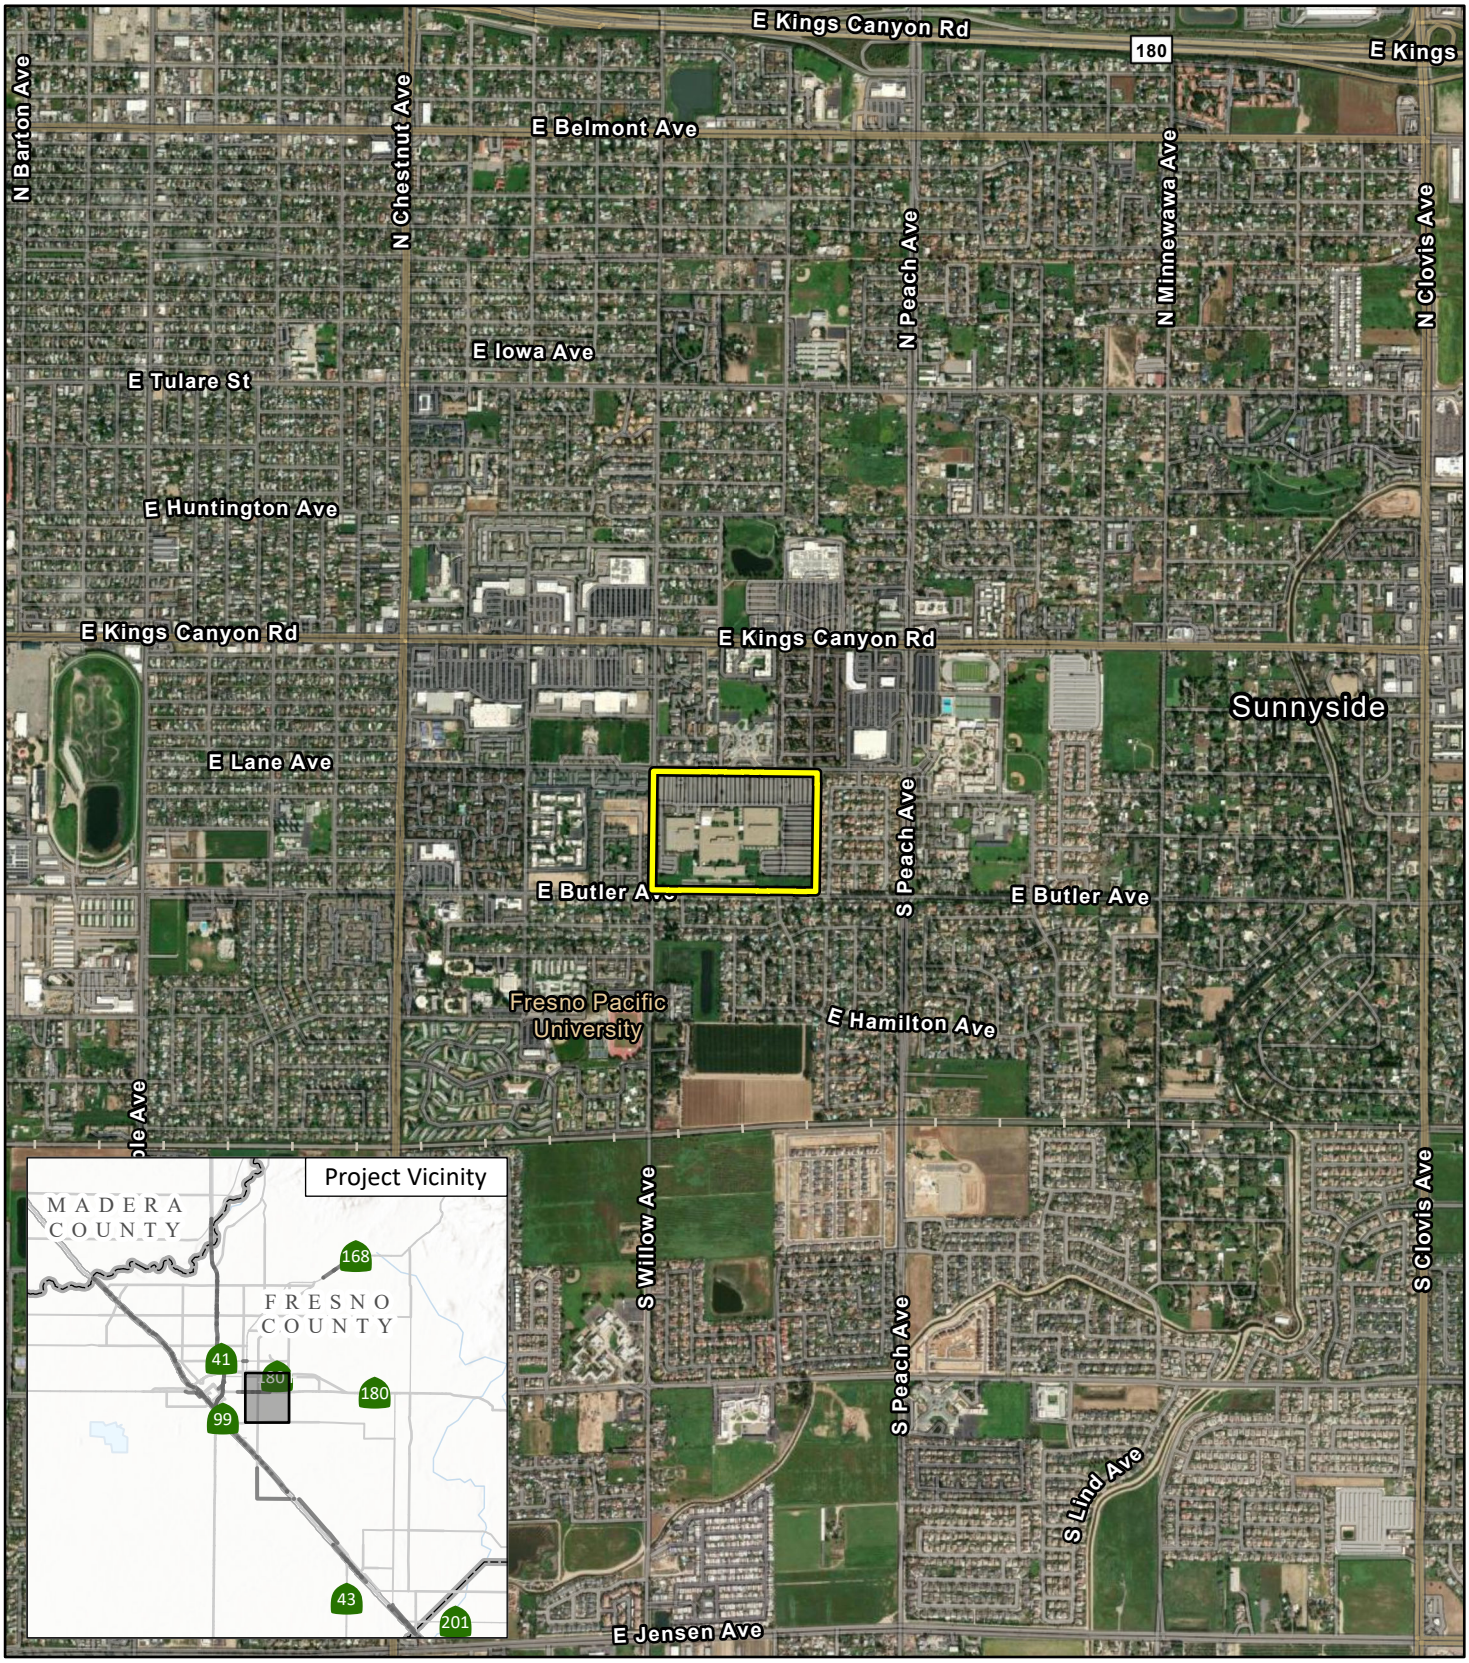

Submitting Comments: Comments and suggestions as to the appropriate scope of analysis of the EIR are invited from all interested parties. Written comments or questions concerning the EIR for the proposed project should be directed to Robert Holt at the Planning and Development Department at the following address below by 5:00 PM on December 2, 2026.

Fresno City Hall, Attn: Rob Holt
