Project Applicant/Sponsor (Name):	Project Title:
Fresno County Fire Protection District	Initial Study No. 8974 and Temporary Use Permit No. 0003

Project Description:

Allow the construction and operation of a temporary fire station while the existing Fire Station No. 95 is replaced with a new permanent facility. The temporary facility will include a modular building, apparatus structure, storage area, parking, and associated site improvements. The temporary fire station is proposed to operate 24 hours per day, seven days per week, for approximately 14 months.

Justification for Negative Declaration:

Based upon Initial Study No. 8911 prepared for Variance Application No. 4208, staff has concluded that the project will not have a significant effect on the environment. It has been determined that there would be no impacts to Aesthetics, Air Quality, Energy, Greenhouse Gas Emissions, Hazards and Hazardous Materials, Hydrology and Water Quality, Mineral Resources, Noise, Population and Housing, Public Services, Recreation, Transportation, Utilities and Service Systems, and Wildfire.

Potential impacts related to Agricultural and Forestry Resources, Biological Resources, Cultural Resources, Geology and Soils, Land Use and Planning, Tribal Cultural Resources, and Mandatory Findings of Significance were evaluated and determined to be Less Than Significant without requiring project-specific mitigation measures. Standard regulatory conditions of approval will be applied to the project where applicable to ensure compliance with local and state standards.

FINDING:

The proposed project will not have a significant impact on the environment.
